MEDICAL AND DENTAL PRACTITIONER (AMENDMENT) BILL 2017

EXPLANATORY NOTE

(This note is not part of the Bill and is intended only to indicate its general effect)

1.0 BACKGROUND

1.1 The Medical and Dental Practitioner Act 2010 (‘Act’) provides for inter alia the registration of medical and dental practitioners in Fiji.

1.2 Under the Act, a person who has not previously been registered in Fiji and whose application for registration has been accepted is granted provisional registration for 4 months during which the person must be supervised by a designated medical or dental practitioner.

1.3 A similar requirement for supervision is also required for medical or dental practitioners who are temporarily registered.

1.4 However, this is problematic and time consuming for medical practices and hospitals that intend to provide medical services urgently to patients, particularly to those patients who have to travel to other countries to receive medical treatment that can be provided in Fiji by such medical or dental practitioners.

1.5 The Medical and Dental Practitioner (Amendment) Bill 2017 (‘Bill’) seeks to amend the Act to empower the Minister to exempt medical or dental practitioners who have acquired the necessary qualifications, skills and experience in their respective medical fields from general or temporary registration.

1.6 The Bill will also help Fiji meet medical and dental requirements in the private and public health systems.

2.0 CLAUSES

2.1 Clause 1 of the Bill provides for the short title and commencement. If passed by Parliament, the amending legislation will come into force on a date or dates appointed by the Minister.
2.2 Clause 2 of the Bill amends section 34 of the Act by providing that a medical or dental practitioner may make a written application to the Minister for an exemption from general registration, and such application must be accompanied by an approved fee.

2.3 Clause 2 also sets out factors which the Minister must consider before making a decision where the Minister may either issue directives to a relevant Council to issue a certificate of registration or practice licence, or inform and give reasons to the person where an exemption is refused.

2.4 Clause 3 of the Bill amends section 36 of the Act and provides for the exemption from temporary registration by setting out provisions similar to those provisions for exemption from general registration.

3.0 MINISTERIAL RESPONSIBILITY

3.1 The Act comes under the responsibility of the Minister responsible for health and medical services.
