Dear Chairperson

## Clarification of Issues- Auditor General's Report on the General Administration Sector (Volume 2) – 2015

1. We refer to and thank you for your 11 July 2017 letter in relation to the above. Our comments on the issues raised are set out below.

### Part A: Financial Statement

#### 15.1 *Audit Opinion*

During the exit meeting with Mr Harik Raj, Director Audit, Mr Josevata Raikoti, Senior Accounts Officer and Ms Sangeeta Chand, the Administrator-General, the Ministry of Justice was advised to seek approval from the Ministry of Economy ('MOE') to operate the Official Receiver's bankruptcy and liquidation bank accounts ('accounts') as trust accounts and to record it in the Financial Management Information System ('FMIS') ledger.

Following the recommendation by the Office of the Auditor-General, we liaised with the MOE regarding the opening of the Official Receivers trust accounts. The MOE has

granted the approval to operate the Official Receivers trust accounts and is now recording the transactions in the FMIS system.

### **15.2 Statement of Receipts and Expenditure**

2. The increase in revenue in 2015 was due to a large number of applications received for registration and searches. Additionally, there was a slight increase in the operating expenditure in 2015 compared to 2014. This was due to an increase in overtime payment for the unestablished staff; increase in maintenance and purchase of goods.
3. On the contrary, there was a slight decrease in the capital expenditure in 2015 compared to 2014. This was because the Ministry did not undertake any construction projects and there was less capital purchase.

### **15.3 Appropriation Statement**

4. The savings of \$905,854.00 was because of the low rate of utilization of SEG 7 which is the Special Expenditure allocation. The funds from this SEG can only be utilized for specific purposes.

### **15.4 Statement of Losses**

5. The Ministry agrees that there was no loss of money and fixed asset recorded in 2015 but most items were written off in early 2016. This was because the Board of Survey finalised their report in 2016. The survey had been delayed due to replacement of board members who had left the Ministry.

## **Part B: Audit Findings**

### **15.5 Trust Fund Accounts not Disclosed in Financial Statement**

6. The Ministry had recorded the receipts and payments of money in a cashbook and provided the reconciliation to the audit team but these accounts were not recorded in the FMIS general ledger.
7. However, following the recommendation by the Office of the Auditor-General the Ministry sought approval from MOE to operate the Trust Accounts and to record it in the FMIS general ledger. The MOE has granted the approval.

8. All the postings done in these two bank accounts are recorded in the FMIS general ledger and the Ministry is also maintaining a ledger to itemise the receipts into fees and trust money.

#### **15.6 No Board of Survey for Drawings**

9. The 2015 Board of Survey for drawings was completed after the audit was conducted. The survey report was presented on 14 June 2016 and the delay was due to the introduction of the new format in presenting the report. (**Appendix 1**).

#### **15.7 Issue of Cash Cheques**

10. The Ministry agrees that cash cheques were issued previously to the creditors in liquidation matters.
11. However, the accounts officers have ceased the practice of issuing cash cheque. The creditors are now issued a non-negotiable cheque. The cash cheques are only issued for the payment of wages to the employees of the wound up companies that have been granted the consent to operate.

#### **15.8 Anomalies in Reconciliations of Bankruptcy and Liquidation Cash Account**

12. As for the Official Receiver's bankruptcy bank account and the liquidation bank account, credits were not updated in the cash book because these moneys were directly deposited in the banks and not confirmed and cleared by the banks as of 31/12/15.
13. In relation to the receipts totalling \$8675.11, the Ministry liaised with the bank and most of these receipts have been credited. The outstanding receipts (\$4595.51) will be cleared during this financial year. (**Appendix 2**)
14. As for the Official Receiver liquidation bank account, the unrepresented cheques totalling \$1283.50 has been cleared and the total credits and debits from previous years have been cleared. The current outstanding credit is \$138.45 and total debit is \$0.06. (**Appendix 3**)

#### **15.9 Absence of Standard Operating Procedures**

15. The Ministry had the Standard Operating Procedures ('SOP') in place prior to the audit but these were not updated. The Ministry has now updated the SOP.

#### **15.10 Significant Number of Vacant Positions**

16. The Ministry had advertised 87 vacant positions in May 2016, of which 80 positions have been substantively filled while 7 positions were re-advertised on 31 December 2016.
17. Following the appointment of 80 officers, 22 positions became vacant. There were additional 14 positions created for the Births, Deaths and Marriages registry and these positions were also advertised with the 22 vacant positions on 31 December 2016.
18. The Ministry has processed 38 positions out of the 43 that were advertised in December 2016 while the recruitment process is going on for the other 5 positions.

#### **15.11 Junior Officers Acting on Senior Positions**

19. As for the junior officers acting on senior positions, this has been addressed following the recruitment of new officers.

#### **15.12 Appointment of Temporary Relieving Clerical Officers (TRCOs)**

20. The Ministry agrees that most of the TRCOs appointed for Digitisation Project were not asked to provide a police clearance and a medical report due to temporary appointments.
21. However, following the recommendation by the Office of the Auditor-General, the Ministry is now requesting for police clearance and medical report from all officers irrespective of the nature of the appointment.

#### **15.13 Non Compliance with Service Agreement by Service Provider**

22. The Ministry met with the Post Fiji Limited ('Service Provider') regarding their non-compliance with the Service Agreement after which the Service Provider has been complying with the terms and conditions of the agreement.
23. As for the payment of moneys, the Service Provider is delivering the revenue within 1 to 2 weeks.

24. The point of sale data file is delivered every afternoon to the Registrar General's office.
25. The Ministry does not purchase the blank certificates for the Service Provider but facilitates their request for the purchase of certificates from the Government Printery. Due to the geographical locations of these Service Provider's branches, the spoilt certificates are delivered at the end of each month rather than within 7 working days.

#### **15.14 Missing Receipt Book**

26. The Ministry had not advertised the missing receipt book within 2 days of notification of the loss as stipulated in the 2013 Finance Manual but the missing receipt book was advertised in the Fiji Sun on 24 January 2017.

#### **15.5 Non-renewal of Moneylenders Licenses**

27. The Registrar of Moneylenders maintains a register where all licenses issued annually are recorded. If the moneylender fails to renew the license before the expiry date then he/she is deemed to be an unlicensed moneylender and this will be updated in the register at the end of the year.

#### **15.16 Non Submission of Annual Returns**

28. The Ministry notes that certain government commercial companies did not lodge the annual returns at the end of the financial year, however the companies' registry has a proper monitoring system in place whereby written follow ups were done and upon late lodgement of annual returns the companies were charged late penalty fees.
29. After the implementation of the new Companies Act 2015 ('Act'), most companies have updated their records by lodging previous year's annual returns.
30. However, under the new Act companies are no longer required to submit annual returns but have different financial reporting requirements depending on the type of company.

#### **15.17 Poor Record Keeping by Official Receivers Office**

31. Following the recommendation by the audit team, Office of the Official Receiver has opened a register to record all the active bankruptcy and liquidation files. The Ministry is

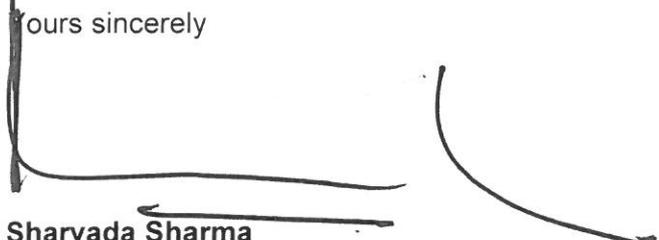

liaising with the vendors to develop a software that will enable the officers to record the list of all the debtors and creditors and their individual accounts.

32. As for service of documents, the officers effect personal service rather than sending it by post and this is done after finding out the exact location of the debtors.
33. The Ministry agrees that currently there is no disaster recovery plan and there is no off-site backup, however the Ministry is working on an internal sever to store records.
34. There was no proper listing of active files; hence officers were not diligently following up on the payment of debts. However, this issue has been addressed after the officers created a register to record all the active case files. This allows the officers to follow on all the debts.
35. As for charging of fees, the Ministry complies with the fee schedule given in the Bankruptcy Act 1944.

Thank you.

Yours sincerely
