24th September 2018

Honorable Minister for Fisheries
Mr. Semi Koroilavesau
Ministry of Fisheries
Level 1 Takayawa Building
Suva.

Dear Sir,

I have the pleasure of submitting the Department of Fisheries Annual Report for the year ended 31st July 2017.

The report is an account of the establishment, activities, achievements and performance of the Ministry from 1st August 2016 to 31st July 2017.

The Report, has been prepared in accordance with the provisions of the section 14 of the Public Service Act 1999 and the Finance Management Act 2004, with the requirements for Annual Reports by the Fiji Government.

Yours Sincerely,

………………………………………………….

Mr. Naipote Katonitabua
The Acting Permanent Secretary for Fisheries
The 2016/2017 Annual report provides a summary of the Department of Fisheries undertakings for the year ended 31st July 2017. It is vital that such a report is compiled for transparency and accountability purposes. The report also highlights major achievements of the New Ministry of Fisheries from 1st August 2016 to 31st July 2017.

In line with outcomes under the Roadmap for Democracy and Sustainable Socio – Economic Development (RDSSED) as well as the Ministry’s Annual Corporate Plan the Department of Fisheries has achieved milestones. It was a challenging year for the Ministry, strategies and policies were implemented to pursue growth and ensure food security through sustainable marine resource management.

The ministry continued work on key projects that contribute towards an enabling environment for fisheries sector growth, improvement of livelihood for fisher folks and investment. This has been possible through specifically targeted policies. At the same time the ministry focused on the rehabilitation activities for the after effects of Tropical Cyclone Winston.

The support and cooperation of the staff has enabled the ministry to deliver its outputs and services efficiently and diligently.

I extend my sincere gratitude to the Minister for Fisheries for leading and guiding the ministry during the financial year.

VINAKA VAKALEVU
OUR VISION
The leader in fisheries and forestry sustainability and innovation for small island economies

OUR MISSION
To drive sustainable resource management, economic growth and improve livelihoods through SMART fisheries and forest policies that is based on applied research and development

OUR VALUES
Responsible:
We will discharge our duties with accountability

Resolute:
We will discharge our duties with determination and be firm and fair in our decisions

Respectful:
We will be sensitive to individual needs and the diversity of views

Resourceful:
We will be practical, creative, effective and efficient and maintain uncompromising integrity in our daily work

Reliable:
We will do and deliver what we have committed and promised to our customers

OUR CORE BUSINESS
We are a regulatory & service organization responsible for the national fisheries and forestry sector through the following functions.

- Formulate and Implement Fisheries & Forest strategies and policies;
- Provide and administer the regulatory function under the respective Departments legislation and regulations;
- Monitor and evaluate the current strategies, policies and deliverables;
- Develop and promote effective training, communication and awareness and extension advisory services;
- Strengthen community and industry networks and support infrastructure;
- Maintain international bilateral and multilateral commitments; and
- Undertake applied research for sustainable fisheries and forests resource management practices and product development.
**Our Organizational Structure**

- Minister of Fisheries
- Minister of Forests
- Permanent Secretary for Fisheries & Forests
- DF
- DSF
- CF
- DR&D
- DHR

The new Ministry of Fisheries during the 2016/2017 financial year focused on renewing its relationships with other relevant agencies and development partners in strengthening its approach to improve the ministry’s quality of services to the Fijian people especially those living in isolated and remote areas by enhancing their socio-economic capabilities. One of the interventions area was to bring the market to these localities to avoid urban drift.

The ministry endeavored to improve its research and development competencies to assist resilience of coastal-based villages and settlements to natural disasters through adaption strategies by restocking the reefs, re-establishing Makogai Fisheries Station and improving the enforcement to minimize illegal, unregistered and unregulated fishing and better manage their iqoliqoli’s or customary fishing grounds.

The contribution of the fisheries sector to the economy was 1.8% during the financial year and the ministry furthered its performance with the continued assistance from its development partners like FAO, FFA and SPC to draft its first ever National Fisheries Policy.

The ministry also made efforts to have an inclusive and united society and involved the women, youths, elderly and the young of the communities in income-generating fisheries activities and benefit the disadvantaged people. These activities were carried out through the various aquaculture and coastal fisheries projects.

To this end, the ministry addressed the welfare of its staff to encourage them and maintain their focus on the outputs that were to be delivered. The ministry ensured that there were resources on hand to assist and support their fisheries activities as well as trained them to productively utilize their attributes as civil servants.

Outcome: 6 Public Sector Reform

Output 1 – Portfolio Leadership, Policy Advice and Secretariat Support

Sub Output 1.1 Policy Advice - Facilitate Management decision making through provision of policy advice

Endorsement of Cabinet Papers by the Ministers [4]

Two [2] Cabinet were endorsed by the ministers.

i. Cabinet Paper on FAO Port State Measures – Approved by cabinet October, 2016.

ii. Cabinet Paper on MOU between the Ministry of Fisheries, Republic of Fiji & the Hainan Provincial People’s Government of the PRC on Fisheries Development

Number of Cabinet Decision Implementation Status [1]

One [1] Cabinet Decision Implementation Update for the Ministry of Fisheries & Forests was forwarded to Cabinet office on 13 January 2016. Scope of the update was on the Ministry of Fisheries Implementation of the Port State Measures.

Adoption of Policy Analysis briefing papers prepared for the Minister [4]

Two [2] Policy brief was submitted:

i. Policy brief on Ex Post Financial Analysis of Ice Plants

ii. Policy brief on Pearl Project MOU with University of the Sunshine Coast/ACIAR

Speeches & parliament responses drafted for the Minister [4]

Fourteen [14] speeches and parliament responses was drafted for the Minister.

i. MoF response to the President speech

ii. Launch of endangered species exhibition at French embassy.

iii. OFCF meeting, closing and farewell party.

v. FIJI DAY speech-Nadi  
vi. National Fisheries policy- consultation opening  
vii. FLMMMA annual meeting address Serua.  
viii. WCPFC opening address  
ix. WCPFC closing address  
x. speech for Minister for the National Workshop on Aquatic Animal Health and Biosecurity – 24/01 to 27/01/17  
xi. Chinese Embassy Cheque Handing Over - $40,000.00 (Ministry of Fisheries) Makogai Hatchery Development  
xii. Minister Of Fisheries Speakers Debate Speech  
xiii. Preparation of Speech and Parliamentary Questions  
xiv. 2017-2018 Budget response speech

Review and development of Sector & Organizational Policies  
National Fisheries Policy developed and completed [1]  
i. National Fisheries Policy Stakeholder consult held on 16-18/11/2016  
ii. Internal stakeholder consultation on the National Fisheries Policy conducted on 05-06/01/2017

Review and development of Legislations & Regulations– Fisheries  
Number of Acts enacted (Aquaculture Decree) [1]  
Review and Development of Fisheries Legislations – the Aquaculture Bill 2016 [Bill No.9 of 2016] was presented on 13 April 2016 during the information session of Parliament.

Fisheries Commodity Management Plans  

Performance Assessment of Plans & Projects  
ACP M&E report [4 Reports (1 Report per qtr.)]  
Four [4] quarterly annual corporate plan monitoring and evaluation report was compiled and submitted to executive management and findings was presented to senior management during fisheries quarterly reviews.

Capital Projects M&E Monitoring Report [4 Reports (1 Report per qtr.)]  
Four [4] Quarterly Capital project monitoring and evaluation reports was compiled and submitted to executive management and findings was presented to senior management during fisheries quarterly reviews.

Strengthen Stakeholder partnership, collaboration and coordination  
Number of commodity councils meeting conducted/Revitalizing fisheries commodity councils (Fiji Marine Aquarium Council/Offshore Marine Managed Area committee/ Fisheries Project Committee/ National Tilapia council; & Seaweed Task force [4 (1 per Qtr.)]  
Five [5] meetings was convened during the financial year.  
i. Offshore Fisheries Commodity Council Meeting was held in August 2016  
ii. Fisheries Project Appraisal Committee handover meeting was held with Secretariat at Walu Bay on 11/07/17  
iii. Fisheries Project Appraisal Committee meeting was held at HQ on 21/07/17  
iv. Fisheries Project Appraisal committee meeting was held at HQ on 14/07/17  
v. Seaweed Taskforce meeting was held at HQ with stakeholders on 11/05/17
Planning and Accountability Framework Compliance
One [1] Budget Request submission was made to Ministry of Economy on April 2017

MoF PSIP Aug 2017 – July 2018 PSIP Submission to Strategic Planning Office [1]
One [1] Public Sector Investment Portfolio [PSIP] submission made to Ministry of Economy on April 2017

Outcome: 19 Fisheries Resources

Output 2 – Research and Development – Fisheries
Sub Output 2.1 Encourage private, public partnership for industry driven research and training
Collaboration with communities, stakeholders and development Partners to discuss fisheries research and management issues.

Number of collaborative reports produced [10]
Ten [10] collaborative reports was produced.

i. Submission of Research Topics to Chief Research & Conservation Officer for the Australian Universities Consortium: 09/11/16
ii. Sea urchin survey grant agreement submitted to SPC for endorsement 23/12/16
iii. Submission of Biofin budget for species conservation and Marine protected area to Gilbert (IUCN) 24.01.17
iv. Fisheries Impact Assessment consultation conducted for CPR in Malaga in collaboration with Lands Department 05-07/04/2017
v. Workshop conducted with SPREP (06/04 – 07/04/2017)
vi. Collaboration works with Department of Town and country planning for UGMAP workshop along Western Corridor 17/03/2017
vii. Collaboration with Marine Biologists of Marriott Resort, Momi Bay in regards to reef enhancement program: 11/05/17
viii. Presentation on Grouper Spawning Aggregation and Management in Fiji at the Pacific Voices for a Global Ocean Challenges: Ocean Conference at USP 8/06 -09/06/17
ix. 2nd Meeting of the Sessional Committee of the Scientific Council of CMS in Bonn representing the Oceania region 10-13.07.17
x. Consultation at Nadroga Provincial Office CO Group Sofitel SO Momi Bay Project: 18/07/17
xi. Pearl Project ACIAR Review at SPC Nabua: 19/07 – 20/07/17
xii. Spawning ratio workshop with WCS in Tanoa plaza: 25.07.17 – 27.07.17

Sub Output 2.2 Enhanced resource assessment and management of inshore and inland fisheries

Fisheries Resource Inventory Survey
Number of I Qoliqoli - Marine & freshwater profiled [15]
Five [5] I Qoliqoli was profiled

i. Marine Resources Inventory Survey (MRIS) for I Qoliqoli Cautata, Vatoa and Waicoka: 24/11 -2/12/16
ii. Marine Resources Inventory Survey (MRIS) for I Qoliqoli Makogai: 21/11 -3/12/16
iii. Marine Resources Inventory Survey (MRIS) for I Qoliqoli Taveuni, Tunoloa and Cakaudrove: 5/12 – 17/12/16
iv. Marine Resources Inventory Survey (MRIS) for I Qoliqoli Taveuni, Tunoloa and Cakaudrove: 19/01 – 04/02/17
v. Marine Resources Inventory Survey (MRIS) for I qoliqoli Tailevu Inventory and Biological Assessment: 09/05 – 26/05/17
Number of Management Plans Developed [15]
Four [4] Management Plans was developed.
i. Management Plan for I Qoliqoli Malolo (Survey undertaken in Oct 2016)
ii. Management Plan for I Qoliqoli Naviti, Yasawa (Survey undertaken in Oct 2016)
iii. Management Plan for I Qoliqoli Cautata, Vatoa and Waicoka (Survey undertaken in Dec 2016)
iv. Management Plan Posters for I Qoliqoli Wailevu, Labasa, Saolo, Burebasaga, Raviravi and Beqa (Survey undertaken in Dec 2016)

Development of Fisheries Environmental and impact assessment framework

Number of FIA undertaken and report [4]
Fourteen [14] Fisheries Impact Assessments was undertaken and reported.
i. FIA Druadrua Resort Marina – Survey & report complete
ii. FIA Saweni, Vuda – Final Report submitted to Lands
iii. FIA Naps Development, Nadawa – Final report submitted to Lands
iv. FIA Analysis of coral data for Laucala Onodere channel
v. FIA Conrads, Tavua: survey completed and report compilation complete
vi. FIA Natovi Jetty- survey completed, report writing in progress
vii. FIA Vatuvuqa Bridge – survey completed and report
viii. FIA Humes Industries Limited. – Survey and report completed
ix. FIA Nads Handicraft - final report to Lands Department.
x. FIA Momis Bay- survey and report complete
xi. FIA Conrad, Tavua Report to Lands Department: 04/02/16
xii. FIA Rendezvous Fiji, Momis submitted to Lands Department. 09/11/16
xiii. FIA Natovi Wharf complied and submitted to A/PRO for vetting 11/11/16
xiv. FIA Wyndham Silkroad Ark Fiji Hotel: 08/12 – 13/12/16 report completed and submitted to Lands Department

Number of NDF undertaken and report [3]
Three [3] NDF survey (Yasawa, Yanuca & Serua) was surveyed and analyzed.

New MPA Gazetting consultation (2017) [2 new MPA’s]
MPA activities continued with two [2] identified MPA’s

Research on Species of Special Interest
Number of monitoring reports on species of special interest [turtles, Mud crab, Pelagic Species/Mobula Rays/Groupers, freshwater eels), Sea urchin, Sea cucumber [7 species reports]
Eight [8] Species of special interests reports was compiled.
i. Turtle - 5 turtle (C.mydas) tagged and release, collected genetic samples from tagged turtles, 2 foraging site surveyed.
ii. Giant Clam- Compilation of data for information paper
iii. Mobulla/rays/sharks – shark awareness (posters and facts for Rewa Roadshow)
iv. Eels - Literature review on Eels.

v. Kalia/ Varivoce- Literature review on Bumphead Parrotfish relating to Pacific and Fiji

vi. Kawakawa – Value chain survey (Northern, Central &Western Division). Kawakawa market survey for Fiji in all divisions with Dr. Sidovi: 03/11 – 05/11/16

vii. Sea cucumber survey at Taveuni, Tunoloa and Cakaudrove: 19/01 – 04/02/17 (Continued)

viii. Sea urchin Biological and Socioeconomic survey at Coral Coast and Suva Peninsula (Districts of Suva, Serua, Malomalo and Cuvu): 23.01 – 10.02.17

Mari culture Research
Report on spawning of Giant Clams (20,000 6 month old clams) [1]
Two [2] spawning was carried out Makogai Station. 10,000 giant clams was spawned and 108 Giant Clams was transferred from Vatale Reef to Naocobau Bay Reef during the financial year.
   I. Clam Spawning carried out at Makogai station - 29.12.16
   II. Clam spawning carried out at Makogai Station - 03.01 – 05.01.17

Monitoring of Giant Clams in reseeded MPA
Report on the re-establishing population of Giant Clams in MPA 2 reports (bi-annual status reports)
Eight [8] Giant Clams was monitored during the financial year.
   i. Monitoring of reseeded sites in the Mamanuca group (5 sites) and Mago Island
   ii. Monitoring of Giant clams stocked in Tavarua MPA. [26/5/17]
   iii. Monitoring of Giant Clam at Naocobau MPA on 10/02/17 which was established in 2015. The amount of self - Replenishment has doubled the amount that was initially deployed there in the initiation of the MPA.

Outcome 29: Education and Training
Output 3 – Education and Training
Sub Output 3.2 Basic Fisheries Management Techniques
Promote Fisheries development and management through Training
Fish farmer training (4)
Thirteen [13] fish farmer trainings was conducted.
   i. Aquaculture Fish Farmer Training for Navutulevu, Serua (Women’s Group) – 16-17/08/16
   ii. Aquaculture Fish Farmer Training for the Tikina Nabobuco, Naitasiri - 10/10/16 at Rewasau and Naqelewai Villages
   iii. Tailevu South Aquaculture Fish Farmer Training – 25-28/10/16
   v. Tikina Yawe Womens Fishing Net construction training from 20/12-21/12/2016. Total of 26 participants
   vi. Climate Smart Fishing Training in Vanuabalu from 23/01-26/01/2017. Total of 79 participants.
   viii. Mangrove Crab Farming Project Training organized by Ministry of Fisheries from 30/01-04/02/2017 in Bureta, Ovalau with a total of 14 participants
   ix. Fish Warden Training undertaken for Saunaka Village (Yavusa Ua) -29/11-02/12/16
   xi. AFSP Farmers Training for Central farmers at FTC Coloisuva from 08-13/05/17
   xii. Gillnet Trial Fishing Training with FAO at Namarai for Ra/Dawasamu fishermen: 26–29/06/17
xi. Seaweed Value Adding Training – trial & setup of value adding @ Yaqeta and Vuaki (Yaqeta village) - 04-09/11/16

Capacity building for technical staff on basic fisheries training (research & aquaculture)
No of Fisheries staff sent on training in areas of special interest. Deploy staff to attend training on areas of special interest
Nomination of staff 1 month prior to Training. Compilation of training report - Minimum – [50 staff trained - at least 1 training report per quarter]
Seventy Eight [78] staff attended trainings in areas of special interests.

i. Pacific Island Countries Fisheries Specialist Training, Korea – (1 staff attended): 24/08-14/09/16

ii. SPC Aquaculture Inventory Workshop (1 staff trained) - 25/10/16

iii. OMRS Training – (2 staffs attended)

iv. Seaweed and outboard training, 2 days, IHRDP, Vadravadra village, Gau - 02 – 03/08/16 [1 staff]

v. OMRS, 2 days, [1 staff]

vi. Technical Training on Data-poor Fisheries Management Implementation, 2 days 13/09/16 [2 staff]

vii. OMRS Training 2 day, A/PFO 15/09-16/09/2016 [1 staff]

viii. Electrical training , 5 days, Ministry of Youth & Sports 19 - 23 /09/16 [2 staff]

ix. SPC Aquaculture Data Collection - Kobo Toolbox Training, 2 days SPC, Nabua 25-26/10/16 [1 staff]

x. Awareness training on FICAC Prevention, 1 day, FICAC, Levuka Fisheries Station 24/10/2016 [3 staff]

xi. Fisheries Management Training in Japan: 7/11 – 26/12/16 [2 Staff]

xii. Giant Clam spawning training by Ministry of Fisheries Chief Conservation Officer: 16/01 -27/01/16 [7 staff]

xiii. Policy workshop at Southern Cross from 16-18/11/16 [1 staff]

xiv. OMR Workshop from 07-08/12/16 [1 staff]

xv. Giant clam spawning training at Lami Fisheries and Makogai Island from 16-27/01/17 [1 staff]

xvi. Grass carp breeding workshop facilitated by SPC @ Naduruloulou Research Station from the 21/11 – 26/11/2016 [10 staff]

xvii. National workshop on Aquatic Animal Health and Biosecurity organized by JICA and FAO, from 24/01 to 27/01/17 [18 staff]

xviii. Training in Korea 06.07 – 07.07.17 [1 staff]

xix. Job attachment with SPC Coastal Fisheries Program [1 staff]

xx. Discipline Guideline Training: 10.07 – 11.07.17 [4 staff]

xxi. Seminar on Ocean Governance attended funded by the Hainan Province, China, from 21/09-02/11/2016 [1 staff]

xxii. OMRS Training attended by organized by Ministry of Civil Service on 08/12/2016 in CTD, Nasese [1 staff]

xxiii. Refresher Training for Ice Plant Operators organized by Department of Fisheries from 28/11-02/12/2016 in Lami Fisheries. [5 staff]

xxiv. Fisheries Trade, Policy and Investment Appraisal Training at Honiara, Solomon Islands from 20-23/02/17 [1 staff]

xxv. OMRS Refresher Training for at FTC, Coloisuva on 10/03/17 [2 staff]

xxvi. ITTO Training at Tanoa Plaza on 27/04/17 [1 staff]

xxvii. Investigation Workshop from 24-25/05/17 at the Archives Dept [1 staff]

xxviii. Small Engine Workshop at TPAF from 05-09/06/17 [1 staff]
xxix. Investigation Officers Training at Vatuwaqa from 12-16/06/17 [1 staff]
xxx. Designing a Fisheries Training Course Curriculum at Veitiri Conference Room, Suva on 29/06/17 [1 staff]
xxxi. Sustainable Natural Resource Management through Collaborative Management of Protected Areas” in Okinawa, Japan from 30/06-13/07/17 [1 staff]
xxii. 3 weeks training on Fishery using Resource Management Approach Course at Okinawa, Japan from 29/06-15/07 2017 [1 staff]

Outcome 29: Education and Training
Output 4 – Public Awareness & promotion – Sustainable Fisheries Management
Sub Output 4.1 Promotion on Sustainable Fisheries Management
Participation in National, Government Awareness Programs and International Fisheries Day

Report on Fisheries national expositions and exhibitions participated [4]
   i. Celebration of World Fisheries Day in Kadavu from 24-26/11/2016
   ii. National World Environment Day celebration at Churchill Park on the 05/06/17
   iii. Agriculture show on the 24-26/05/17.

Reports on Government Awareness programs participated [8 (2 per Division)]
   i. Fiji Day Celebration & Exhibition – Albert Park – 08/10/16
   ii. Rewa Roadshow (10-11/11/16)
   iii. Yaubula Tradeshow in Kadavu from 24-26/11/2016
   iv. Celebration of World Fisheries Day in Kadavu from 24-26/11/2016
   v. Bua Show case @ Nabouwalu from the 10/11 -11/11/16
   vi. Serua/Beqa Roadshow at Lomary Secondary School on 15-16/02/17
   vii. Kadavu Roadshow – 06-07/07/17
   viii. National World Environment Day celebration at Churchill Park on the 05/06/17
   ix. Tilak High School open Day celebration on the 26/06/17
   x. Launching of the Nadroga/Navosa Yaubula Day at Nasigatoka Village Hall together with display and Exhibition [14/7/17]
   xi. Nilson Technical Open Day 13/7/17
   xii. Agriculture show on the 24-26/05/17.
   xiii. Saqani Government road Show on the 21-22/06/17

Promote Fisheries Development through Inter-agency training/& awareness programs
Number of Fisheries inter-agency training/awareness programs attended [60]
Two hundred and forty nine [249] inter-agency training and awareness programs was attended.
   i. Fisheries Act Awareness Debrief for Constables and Police (Eastern) HoDs – HQ, Nausori: 20/10/16
   ii. Provincial Meeting Naitasiri – Vunidawa: 4-5/08/16
   iii. Provincial Meeting Tailevu – 26-27/10/16
   iv. Provincial Meeting Namosi – 18/10/16
   v. Provincial Meeting Serua – 21/10/1611
   vi. District Meeting Nawaidina – 30/08/16
   vii. District Meeting Viria – 31/08/16
   viii. District Meeting Naitasiri-06/09/16
ix. District Meeting Nadaravakawalu – 08/09/16
x. District Meeting Nabobuco- 09/09/16

Volume of prawn produced from commercial and subsistence farms [10 metric ton]
A total of 0.105 metric tons of prawn was produced from commercial and subsistence farms.

Sub Output 5.2 Strengthen food security and Import substitution through brackish water aquaculture development
Number of brackish water PL’s produced in the hatcheries [1 million]
A total of 62,000 Vannamei post larvae’s was produced in the hatcheries.
- Brooder replacement was done in November 2016, 35,000 Vannamei post larvae was imported from Thailand.
  This was released in the pond by Hon. Minister for Fisheries on 15th Dec 2016

Volume of Shrimps obtained from farms [12 metric ton]
A total of 25.128 metric ton of shrimps was obtained from farms.

Number of sandfish juveniles to be produced [5,000]
A total of 9,500 sandfish juveniles was produced.

Sub Output 5.3 Strengthen Pearl Development through Spat Collection
Number of community based spat farms established/revived [4 sites]
Twenty five [25] community based spat farms was established and one survey was conducted for new spat site at Navukailagi.
- Bua – 3 spat farms [Vuya, Tavulomo, and Navunieyu]
- Macuata – 3 spat farms [Nabouono, Raviravi, and Mali]
- Gau – 3 spat farms [Somoso, Sawaieke, and Nawakama]
- Lau – 3 spat farm [Oneata, Waiqori, and Dakuiloa]
- Komo – 1 spat farm [Komo Youth Group]
- Survey new site at Navukailagi: 26.07 – 27.07.17

Monitoring/Survey of existing spat farms [4]
A total of nine [9] monitoring activities was undertaken
- Monitoring of spat collector lines for Saioko and Verevere
- Monitoring of Spat Collector lines at Kiuva & Serua
- Spat collector monitoring and deployment at Yasawa
- Spat collector Monitoring at Ono
- Monitoring of Yasawa Community Based Spat Collection Farms: 16-26/11/2016
- Monitoring of 11 spat farms (Buca, Manuksi, Nailou, Salia, Navetau, Wailevu/Tunula, Natewa, Drekeniwal, Lea, Viani Village, Ravita) also harvesting of 2 spat farms (Viani Bay, Kanakana) 17/03 – 24/03/2017.
- Monitoring of spat farms in Nawaikama and Sawaieke, Gau on 02/02/2017
- Monitoring conducted at Namurai, Naocobau and Nabukadra 22/5-31/5; 18/7/2017
- Spat Monitoring at Nacodreudreu, Urata, Natuvu, Vuya, and Navunievu on the 17/04 – 06/06 2017.

Sub Output 5.4 Operation & maintenance of RFSC and Ice Plants
Completion of Rotuma ice plant – Phase 2 [4 quarterly updates (1 per quarter)]
Rotuma Fisheries station staff quarters and office complex was completed

Establishment of Cicia & Moala Ice Plant
Preparatory works on Cicia Ice Plant [4 quarterly updates (1 per quarter)]
Land acquisition completed for the Cicia Ice Plant at Natokalau Cicia on 28/02/2017

Preparatory works on Moala Ice Plant [4 quarterly updates (1 per quarter)]
Land acquisition completed for the Moala Ice Plant on 28/02/2017

Operation & Maintenance of RFSCs & Ice plants
Production and supply of ice [500 metric ton]
A total of 2489.144 metric tonnes of ice was produced and revenue generated from sale of ice was $346,941.56

Sub Output 5.5 Support Income generating inshore commodities
Number of FAD deployed (one per division)
Fourteen [14] Fish Aggregation Device [FAD] was deployed.
   i. 1 FAD was deployed at Sawaieke passage on 05/10
   ii. 3 FADs was deployed in Kadavu [1 in Galoa passage, 1 in Richmond sub-merged FAD and 1 in Muitavaya]
   iii. 10 Inshore FADs was deployed [fishing ground; Rakiraki/Naisogoliku Fishing Grounds -7, Nakorotubu Fishing Grounds -2, Dawasamu Fishing Grounds -1]

Sub Output 5.6 Strengthen Aquaculture through Infrastructure Development
Establishment of New Multi-Species Hatchery in Ra - Re-establishment of hatchery [4 (Quarterly)]
   • GTB Approval for Construction of Standard Grade 6 Quarters at Caboni 1/11/16
   • RIE submission and approval for the construction of Quarters
Sub Output 5.7 Strengthen Food Security and Income Generation through Freshwater Aquaculture Development

Number of new freshwater farms established (applications for vetting & processing, site surveys, pond supervision, pond stocking, monitoring & sampling, harvesting and marketing) – data collection [8]

A total of four new freshwater farms was established and seven [7] site surveys was undertaken.

**Pond Constructions:**

i. 1 new pond constructed in Namalata Tailevu

ii. FSP construction works at Lololo, Lautoka 23 – 24/06/17

iii. Pond construction for Mr Jitend Kumar of Naroro – Sigatoka 14-15/6/17

iv. Established 20 x 10 x 5 ponds in Lawaki, Kadavu on 28/04/2017 for Niko Ratu financed by Government grant.

**Site Surveys:**

i. Site survey at Vakabalea on 24/04/17

ii. Site survey at Ana Dabea proposed site at Waimicia settlement 26/07/17

iii. Site survey at Jone Lui at Nabalabala village. Tavua 26/07/17

iv. Site survey carried out for Selvakumar Lakmanan at Natawa - Rakiraki 18/07/17

v. Site survey carried out for Nirendra Singh of Toko – Rakiraki 20/7/17

vi. Site survey at Isimeli Apimeleki proposed site at Solodamu Village 10/06/2017

vii. Site survey at Paula Kaitani proposed site at Kadavu Provincial Secondary School 13/06/17

Sub Output 5.8 Strengthen Income Generation through Seaweed Development

**Production volume [100 metric tonnes]**

A total of 3.951 metric tonnes of dried seaweed was produced.

**Number of nurseries established [4]**

Three [3] new seaweed nurseries was established.

Seaweed nursery was established with 25 lines located at Daku village 28/10/16

Seaweed nursery was established with 21 lines located at Qaranimasi 25/04/17

Seaweed nursery was established at Karoko funded by the Commissioner Northern Office 5 -7/06/17

Outcome 19: Fisheries Resources

Output 6 – Fisheries Law Enforcement – Licensing, Compliance and Monitoring

Sub Output 6.1 Systematic Monitoring

Fishing activities within Fiji’s archipelagic waters, territorial seas, EEZ, the high seas and other EEZ.

**Number of National Observers Placement – [80]**

A total two hundred and five [205] national observer placement was undertaken.

Collaborative field scientific research with SPC

Number of biological sampling reports [30 on shore & 30 at sea]
A total of six [6] biological sampling reports was produced.

Implementation of the Inshore & Offshore Fisheries MCS activities

Number of Inshore Fisheries MCS activities undertaken [10 Sea patrol / 10 Land patrol]
A total of twelve [12] sea patrols and fourteen [14] land patrols was conducted.

Sea Patrol:

i. Sea patrol - Deuba-Dravuni fishing areas 08/10/09/16
ii. Sea patrol in Lakeba on 04/08/16
iii. Joint sea patrol operations within Levuka and Moturiki fishing areas conducted on the 25-26/08/16
iv. Eastern and Central sea patrol combined at Kubuna and Levuka fishing areas on the 22/09/16
v. Sea patrol at Wainikoro fishing areas on 26/04/2017
vi. Sea patrol Lautoka- Nadi Fishing Areas [Vanua o Ua] on 31/01/17
vii. Sea Patrol [Nadroga Fishing Areas [Nakaria/ Nalolo/ Nasoni] on 01/02/17
viii. Sea Patrol [[Nadroga Fishing Areas [Nakaria/ Nalolo/ Nasoni] on 02/02/17
ix. Sea patrol Vuda /Malolo Fishing Ground 22/06/17
x. Sea patrol Tabanivono I Ra / Nalolo FG [23/06/17]
xi. Joint Sea patrol with NZ Navy, NZ Fisheries, Fiji Navy & Fiji Fisheries around Tabanivono- I–Ra
xii. Sea patrol Ovalau fishing areas 16 -19/05/2017

Land Patrol:

i. Land patrol around Levuka town area on 24/09/16
ii. Land patrols at Yadran Lakeba 18/10/16
iii. Land patrols at Yadran Lakeba 09/09/16
iv. Land Patrol - central division 01/08/16

ix. Land patrol at Soluk Enterprise in Vunisea jetty on 30/11/16
x. Land Patrol at the Suva Fish Market, Nausori fish Market 18/03/17
xi. Land patrol at Lami-Suva-Nausori-Nakelo-Korovou-Bau landing for landing sites, market points on 22/04/17
xii. Land patrol Ba/Tavua corridor 12/7/17
xiii. Land patrol Ba/Tavua corridor 19/7/17
xiv. Land patrol Levuka wharf 17/05/2017

Consultation on the Inshore Fishing License permit and access fee payment arrangement [4]
Nine [9] Inshore fishing license permit and access fee payment consultations was conducted.

i. Naitasiri Access fees consultation on 18/11/16
ii. Access Fees consultation meeting for Naitasiri province on 10/01/17 at Vunidawa
iii. Access Fees consultation meeting for Namosi province on 13/01/17 at Navua
iv. Access Fees consultation meeting for Tailevu province on 18/01/17 in Nausori
v. Rewa Province Access fees consultation at Lomanikoro, Rewa on 23/01/17
vi. Access Fees consultation meeting with Namosi provincial office at Vunisoco village, Namosi on 20/01/17
vii. Access fees consultation with Namosi Provincial at Naqara Island on 26/01/17
viii. Beqa Access fees licensing structure consultation at Nawaisomo village on 31/01/17
ix. Naitasiri CRFOs Access fees consultation at Nausori Conference room on 02/02/17

Sub Output 6.2 Effective Control of Fishing Vessels in Fiji Fisheries Water and Ports

Offshore Fisheries Licensing and Permitting

Number of Long-line fishing licenses Issued [60]
A total of sixty [60] Long-line Licenses was issued

Number of Exploratory licenses [4]
A total of four [4] Exploratory Licenses was issued.

Number of Deepwater Snapper fishing licenses issued [3]
A total of three [3] Deepwater Snapper Licenses was issued.

Number of Recreational fishing license [6]
A total of one [1] recreational fishing license was issued.

Quarterly report of permits issued – [4]
1st and 2nd Quarter reports for the number of permits issued was produced. A total of 3,682 offshore fishing permits was issued.

Inshore licenses

Number of IDA Licenses issued [2000]
A total one thousand one hundred and fifty eight [1,858] of inshore fishing licenses was issued.

Number of pre-fishing inspections [102]
A total of twenty two [22] pre-fishing inspections was undertaken.

Quarterly reports on Suva harbor survey [4]
Four [4] Reports on Suva Harbor Survey was completed.

Inspection of fish and fisheries products for export and import [40]
Twenty seven [27] Inspection of fish and fisheries products for export and import was undertaken.

Satellite monitoring of vessels through the vessel monitoring system & vessel notification
Number of weekly analyzed VMS Report [52]
A total of sixty two [62] vessel monitoring system reports was analyzed.

Updating of WCPFC RFV
Number of updates to the WCPFC RFV [70]
Fifty one [51] updates to the WCPFC RFV was completed from January to March 2016.

Compliance to conditions of licenses, permits and authorizations
Number of quarterly Compliance Report [4]
Four [4] Compliance to conditions of licenses, permits and authorizations report was completed.

Sub Output 6.4 Fisheries Market Research – Inshore fisheries
Conduct market survey and disseminate appropriate information for decision making [4]
Twelve [12] Monthly market survey reports was consolidated by inshore fisheries officer and disseminated to senior management.

Outcome 19: Fisheries Resources
Output 7 – Sustainable Trade Environment
Sub Output 7.1 Build local industry capacity on HACCP requirement.
Domestic & Export Market Development

Sub Output 7. Establishing agreements with neighboring SIDS & Compliance to regional obligations
Fulfil obligations required under international, regional and sub-regional agreements
Establishing agreements with neighboring SIDS
Number of mandatory reports to WCPFC [6]
Sixteen [16] mandatory reports was submitted to WCPFC.

Number of reports on the finalization of UST and PIPS
One [1] report on the finalization of UST and PIPS was submitted.

Sub Output 7.3 Trade Facilitation
Development of information toolkit on fisheries trade and business information
Business guides reviewed and published [1 for Fisheries]
One [1] 2016/2017 Fisheries Sector Investment Guide was published and disseminated to all fisheries divisions for distribution to fisheries stakeholders.

Outcome 19: Fisheries Resources
Output 8 – Climate Change Adaptation and Resilience
Sub Output 8.1 Ecosystem based conservation management
Biodiversity Enhancement (Ridge to Reef) – Reef enrichment Initiative
Number of reef replenishment activities undertaken [4]
Three [3] activities undertaken
  i. Mangrove replanting-4000 mangrove plants replanted at Nabukadru, Namarai, Nasau and Nayavuira 22-31/5/17
  ii. Stocking of 6000 juveniles (Sand fish) Dairo from Galoa research station at Vitawa MPA areas. [16/5/17]

Number of targeted Awareness & Education, Advocacy forums [15]
Four [4] targeted awareness and education, advocacy forums was conducted.
  i. Marine Resource management & conservation Training emphasis on Giant clams Management: Vanua Nabila, Momi, Nadroga
  ii. Kawakawa and Donu Campaign at Marriot Momi Resort: 18/07/17
  iii. Campaign and awareness on Groupers at Food Processor: 27/07/17
  iv. Awareness and Advisory at Malolo villages on reef replenishment [Solevu, Yanuya, Tavua, and Yaro] 18-20/07/17

Site survey on Reef fish spawning aggregations [5 site survey reports and maps]

Outcome 19: Fisheries Resources
Output 9 – Value Adding and Down Streaming Processing
Trade Market (Domestic, Regional & Global) Survey for Value added commodities demand
Value Addition potential and Niche market discovery report by 2017 [1 – Fisheries]
Outcome 19: Fisheries Resources

Output 10 – Strengthen Global, regional and National partnership – Fisheries Development

Sub Output 10.1 Global, regional and national partnership development

Collaboration with existing development partners

Number of MOU/MOA’s signed with development partners (national, regional & international) [2]

i. Final draft with Republic of China (Taiwan) on Monitoring of vessel and catch
ii. Final negotiation on US Treaty Completed. Submission of Cabinet paper to commence ratification purpose for Fiji as party to the new treaty.

Number of MOU/MOA developed [7]

Three [3] MOA’s was in development phase at the end of the reporting period.

i. MOA between Ministry of Fisheries and Republic of China (Taiwan) on Monitoring of vessel and catch
ii. MOA between Ministry of Fisheries and the Fiji Tuna Boat Owners Association & Fiji Offshore Fisheries Association (Industry)
iii. MOA between the Fiji National University and Ministry of Fisheries / Proposal on the Development Consent for the Construction of a Davit on the Ministry of Fisheries Lautoka Fishing Port

Number of collaboration Reports produced with partners in development [4]

One [1] report on initial collaboration with University of Fiji and Ministry of Fisheries produced.

Outcome: 31 Gender Equality

Output 11 – Promote Gender Equality and Women in Development – Fisheries

Sub Output 11.1 Promote Gender equality and empowerment of women in fisheries development

Inventory of women activities in inshore fisheries (participation, commitment) [4]

Norther Division:
- Fisheries programs/projects coordinated by women
- Nakalou women’s Group- Seaweed farming project
- Waitabu Womens Group – Spat
- Taclevu Womens Group – Spat
- Diseini Lewaca – Freshwater aquaculture

Western Division:
- Namarai Women’s Group - 8 women involved in value adding of Melamela shells for jewelry
- Rakiraki - 7 license fisherwomen
- Tavua - 5 licensed fisherwomen (Crab fishers/BDM)
- Ba - 32 women licensed fisherwomen and 2 women appointed as fish warden during Votua fish warden training
- Sigatoka - 9 Women issued with inshore license- for fresh water mussels.

Central Division:
- 3 Inshore Fishing License issued to women

Eastern Division:
- Inventory of women activities in fisheries
- Number of women with IDA license -12
- Women group at Vunisea engaged in fish parcel sale at Vunisea Fisheries Station
- Aquaculture training at Natokalau Hall with 10 women participated
- Sustainable Fisheries Management Cicia SFM training at Natokalau Village, Cicia with 6 women participated

The Honourable Semi Koroiavesau
Minister for Fisheries
Takayawa Building
SUVA

Dear Honourable Koroiavesau

MINISTRY OF FISHERIES AND FORESTS
AUDITED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2017

The audited financial statements for the Ministry of Fisheries and Forests for the year ended 31 July 2017 together with my audit report on them are enclosed.

Particulars of the errors and omission arising from the audit were forwarded to the management of the Ministry for necessary comments on 22 March 2018 and 16 April 2018. Despite several follow-ups, we are yet to receive a response.

Yours sincerely

[Signature]

INDEPENDENT AUDITOR'S REPORT

MINISTRY OF FISHERIES AND FORESTS

I have audited the financial statements of the Ministry of Fisheries and Forests which comprise the Statement of Receipts and Expenditure, Appropriation Statement, Statement of Losses, TMA Manufacturing Account, TMA Trading Account, TMA Profit and Loss Statement, TMA Balance Sheet, Trust Account Statement of Receipts and Payments for the year ended 31 July 2017, and notes to and forming part of the financial statements, including a summary of significant accounting policies.

In my opinion, except for the effects on the matters described in the Basis of Qualified Opinion paragraph, the accompanying financial statements are prepared, in all material respects, in accordance with the Financial Management Act 2004 and Finance Instructions 2010 and Finance (Amendment) Instructions 2016.

Basis for Qualified Opinion

Operating Fund Account

1. Expenditures amounting to $276,181 were not recorded in the Statement of Receipts and Expenditures for the year ended 31 July 2017. This amount relates to unrecorded expenditures of $191,147 paid from Standard Liability Account 84 and retired Accountable Advances of $85,034 for the current year which were not cleared from the Revolving Fund Account. As a result, the expenditure balance of $23,012,137 for the year ended 31 July 2017 is understated by $276,181.

Trading and Manufacturing Account

2. There is an unrecorded variance of $104,597 between the bank reconciliation and the Cash at Bank general ledger balance. Consequently, I am not able to confirm the accuracy and completeness of the Cash at Bank balance of $1,866,419 recorded in the TMA Balance Sheet as at 31 July 2017.

3. The Ministry paid a sum of $2.5 million to the Trading and Manufacturing Activity (TMA) account from its operating budget for the purpose of salvaging logs after Tropical Cyclone Winston. Of this amount, a sum of $301,451 was utilised for this purpose in 2017 leaving a balance of $2,186,459 as at 31 July 2017. The cash at bank balance of $1,866,419 recorded in the TMA Balance Sheet is not sufficient to support the remaining balance of $2,186,459.

4. The Ministry recorded total expenses of $1,288,574 in the TMA - Profit and Loss Statement for the year ended 31 July 2017. The Ministry was not able to provide documentations to support expenditures totalling $515,515. As a result, I was not able to verify the accuracy and completeness of the total expenses recorded in the Profit and Loss Statement.

5. The Ministry recorded sales of $1,161,623 in the TMA - Trading Account for the year ended 31 July 2017. The Ministry was not able to provide documentations to support transactions totalling $308,623. As a result, I was not able to verify the accuracy of the Sales amount recorded in the Trading Account.
INDEPENDENT AUDITOR’S REPORT (Cont’d)

Trust Fund Account

6. The Ministry did not maintain a detailed listing of the beneficiaries of the Trust Accounts. Consequently, I was not able to substantiate the completeness of the closing balances of $190,095 reflected in the Statement of Receipts and Payments for the Trust Fund Account.

Emphasis of Matters

Without qualifying the above opinion, attention is drawn to the following:

- The Ministry did not carry out a board of survey to verify the existence and condition of the assets under its authority contrary to Section 49 of the Finance Instruction 2010
- The TMA account continue to operate at a loss for eight consecutive years from 2010
- There was an overall excess of liabilities over assets of $111,344 in the TMA balance sheet as at 31 July 2017.

I conducted my audit in accordance with International Standards on Auditing (ISA). My responsibilities under those standards are further described in the Auditor’s Responsibilities paragraph of my report. I am independent of the Ministry in accordance with the ethical requirements that are relevant to my audit of the financial statements in Fiji and I have fulfilled other responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Management and Directors for the Financial Statements

The management of the Ministry is responsible for the preparation of the financial statements in accordance with the Financial Management Act and Finance Instructions 2010 and Finance (Amendment) Instruction 2010 and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibilities

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with ISA, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
INDEPENDENT AUDITOR'S REPORT (Cont'd)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ministry's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

I communicate with the management and directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Ajay Nand
AUDITOR-GENERAL

Suva, Fiji
18 September 2018
MINISTRY OF FISHERIES AND FORESTS
MANAGEMENT CERTIFICATE
FOR THE YEAR ENDED 31 JULY 2017

We certify that these financial statements:

(a) fairly reflect the financial operations and performance of the Ministry of Fisheries and Forests and its financial position for the year ended 31 July 2017; and

(b) have been prepared in accordance with the requirements of the Financial Management Act 2004, the Finance Instructions 2010 and Finance (Amendment) Instructions 2016.

Mr. Nakato Katonikabua
Acting Permanent Secretary
Ministry of Fisheries

Date:
29/08/2016

Ms. Bernadette Welch
Acting Permanent Secretary
Ministry of Forests

Date:
31/09/2016

Maciu Waqa

MINISTRY OF FISHERIES AND FORESTS  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 JULY 2017

NOTE 1 REPORTING ENTITY

The Ministry of Fisheries and Forests is responsible for the formulation of policies and development to ensure the long term sustainability of Fiji’s Fisheries and Forest resources, stimulate economic growth within the two sectors and improve livelihoods for communities that rely on these resources.

The Ministry achieves this by ensuring a balance between resource utilization and resource conservation, and the development and alignment of its policies, strategies and structures in order to better address emerging issues, capture emerging opportunities, ensure effective and efficient service delivery to all our stakeholders.

The organization structure of the Ministry is being realigned to drive economic growth in both the fisheries and forestry sectors for the short and mid-term, and strategies for the mid to longer term to capture emerging opportunities such as aquaculture and tuna certifications in the fisheries sector, and wood energy and carbon trading in the forestry sector.

The Ministry of Forests operates a trading and manufacturing account that provides assistance in the processing and selling of pine products.

The Ministry of Fisheries maintains a trust account for the one-third subsidy scheme to help rural based fishermen with funding assistance for boat and engine. The scheme was discontinued by government in 2009.

NOTE 2 STATEMENT OF ACCOUNTING POLICIES

a) Basis of Accounting

In accordance with Government accounting policies, the financial statements of the Ministry of Fisheries and Forests is prepared under the cash basis of accounting. All payments related to purchases of fixed assets have been expensed.

The financial statements are presented in accordance with the requirements of Section 71(1) of the Finance Instructions 2010 and Financial Management Act 2004. The preparation and presentation of a Statement of Assets and Liabilities is not required under the current government policies, except for that of the Trading and Manufacturing Accounts.

b) Accounting for Value Added Tax (VAT)

All expenses are VAT exclusive. The Ministry on a monthly basis takes out VAT output on total money received for expenditure from Ministry of Economy. VAT input on the other hand is claimed on payments made to the suppliers and sub-contractors for expenses incurred.

The VAT payment as per the Statement of Receipts and Expenditures relates to the VAT input claimed on payments made to the suppliers and sub-contractors for expenses incurred and VAT payments to Fiji Revenue and Customs Service (FRCS). Actual amount paid to FRCS during the year represents the difference between VAT Output and VAT Input.
NOTE 2: STATEMENT OF ACCOUNTING POLICIES (continued)

c) Comparative Figures

The Ministry of Fisheries and Forests changed its reporting period from 1st August 2016 to 31st July 2017 as per the Ministry of Economy Circular number 04/2017 due to the change in the whole of government reporting period.

Hence, the 2016–2017 financial reporting is for the 12 months effective from 1st August 2016 to 31st July 2017. In comparison, the 2016 financial reporting is for 7 months effective from 1st January to 31st July 2016.

d) Revenue Recognition

Revenue is recognized when the actual cash is received by the Ministry.

NOTE 3: SIGNIFICANT VARIATIONS

For the purpose of comparison of results, the current financial result (Fiscal 2017) can be prorated by dividing the respective figure by twelve (12) and multiplying by seven (7); compared to the corresponding result for the previous financial period (Fiscal 2016) consisting of seven (7) months only (January to July 2016).

NOTE 4: APPROPRIATION MOVEMENTS

Appropriation movements were made through virements as follows:

MINISTRY OF FISHERIES AND FORESTS
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (continued)
FOR THE YEAR ENDED 31 JULY 2017

NOTE 5: TRADING AND MANUFACTURING ACTIVITY

The Trading and Manufacturing Activity consists of commercial undertaking of processed timber and furniture's as reported above.

The Ministry of Forests TMA Unit is currently under investigation by Fiji Independent Commission Against Corruption (FICAC). Payment Vouchers and other correspondences relating to the TMA have been uplifted by FICAC Officers for investigation.

NOTE 6: TRUST ACCOUNT – FISHERIES 1/3 SUBSIDY SCHEME

The Trust Fund Account was opened for the 1/3 subsidy scheme by the government for the purchase of boat and engine for fishermen.

The scheme which operated in the Fisheries Department was closed in 2009. Currently the Trust Fund Account is used for retention money.
