FILM FIJI REPORT FOR THE PERIOD FROM 1 AUGUST 2016 TO 31 JULY 2017

Introduction

Film Fiji is constituted by and operates in accordance with the Film Fiji Act 2002. Its primary function is to develop and promote the audio-visual industry in Fiji. Film Fiji is empowered under the Income (Film-making and Audio-visual) Incentives Regulations 2016 (previously Sixth Schedule of the Income Tax Act) to administer incentives offered by the Fiji Government to prospective film makers who wish to come to Fiji to film their productions.

Film Fiji provides location services, administers the various incentives, grants film permits and facilitates necessary approvals from authorities such as the Fiji Revenue and Customs Service (formerly Fiji Revenue and Customs Authority), Department of Immigration and other government departments.

Film Fiji also provides advice and assistance with administrative procedures, with the aim of making the business of filmmaking exciting, stress-free, and ultimately positioning Fiji as one of the most sought-after film destination in the world.

As a government statutory body established to develop and promote the audio-visual industry, Film Fiji has a large network of local stakeholders, including the Audio Visual Agents who are directly involved in the film industry, ensuring that production companies have a pleasant experience while shooting in Fiji.

The Board

The Film Fiji Board ("the Board") is the lead authority for Film Fiji in mandating strategic policies and key decisions for Film Fiji. The Board is appointed by the Minister responsible for Film Fiji.

The following were members of the Board as at 31st July 2017:-

- Shaenaz Voss Chairperson
- Sakiusa Bolaira- Member
- Shaheen Ali Member
- Debra Sadranu Member
- Timaima Vakadewabuka Member

Meetings

The Board held 4 meetings during the period from 01 August 2016 to 31 July 2017. Hence, the number of meetings in this period complied with Section 7(1) of the Film Fiji Act which required the Board to meet at least 4 times a year.

Performance Results by Focus Areas

Since its establishment in 2001, Film Fiji is funded through annual grants from Government. In 2016/2017, Film Fiji received a total of FJD\$1.4 million of Government grant. As in previous years, Film Fiji focused its activities on promotions and marketing with 43% of the budget allocated for this during this period.

Key Outcomes

During this period a total of 58 productions were filmed in Fiji. These productions came from various continents and countries including the USA, France, Poland, Scotland and Hong Kong. Some of the major studios that shot in Fiji in 2016/2017 were:

Studio Name/Production House	Country	Project	Туре
STX Entertainment	USA	Adrift	Feature Film
Universal Pictures	USA	Sweet Heart	Feature Film
Channel TF1	France	Koh Lanta Season 18	TV Reality Show
Columbia Broadcasting System (CBS)	USA	US Survivor Season 35 &36	TV Reality Show
Telewizja Polsat Sp z.o.o.	Poland	Survivor Poland	TV Reality Show
Moth Project Pty Ltd	Australia	P&O Wave Project	TV Commercial

Film Fiji continue to receive countless positive feedback from prospective major production houses and studios world-wide. Film Fiji is confident that it will continue to achieve great results with the influx of more film projects in the future.

Film Industry contribution to Economic Growth

The 57 productions that came to Fiji in 2016/2017 generated FJD\$212.3 million dollars of New Economic Activity (NEA) in the Fiji economy. There was a corresponding increase in

Cumming Street Suva (Adrift Behind the Scenes)

local employment created (1,099) for the same year. Our locals were engaged in all areas of the production and this assisted in creating employment and minimizing the unemployment ratio as those individuals employed by the production would otherwise have been unemployed. The return to Government from its investment was commendable.

There was record growth in the development of the Filming Industry from past years with Film Fiji continuing to market Fiji as a film destination, promoting its competitive

tax incentives and other advantages. This was done mainly through innovative and creative

approaches that stretched Film Fiji's meagre budget to enable us to make an impact on a highly competitive multi-billion dollar industry.

Film Fiji was given a grant of FJD\$1.4 million in 2016/2017. This was slightly higher than FJD\$0.535 million received the previous year.

There was a pronounced upward trend in productions totaling 58 as compared to 32 in the previous year. These productions covered a variety of genres including 3 feature films, several productions for television and the popular reality television series 'Survivor' (Columbia Broadcasting System) that shot season 35 and 36 with a combined budget of FJD\$98.1 million and actual Fiji spend of over FJD\$24.5 million.

Worthy to mention also is the television series 'Wrecked' (Turner Entertainment Network) which shot in Fiji for the first season with a budget of FJD\$43.7 million and an estimated Fiji spend of FJD\$12 million. STX entertainment shot the feature film 'Adrift' in Fiji this year with a budget of FJD\$61.3 million and an estimated Fiji spend of FJD\$13.1 million. The film featured some prominent names such as Shailene Woodley, Sam Claflin, Executive Producer Ralph Winter and Director Baltasar Kormakur. The year 2016/2017 was definitely a record year of achievement for Film Fiji since its inception in 2002.

Industry Development

Assistance to Production companies

Film Fiji worked with producers and production companies in the provision of scouting, the use of locations and other logistical support for various types of productions where necessary. This included the Producers of "Wrecked" whom Film Fiji assisted by facilitating the film licence application process with the iTaukei Land Trust Board (TLTB).

In addition, the production teams from the feature film 'Sweetheart' and reality series 'Paradise Hotel' were

also assisted with scouting locations. A meeting also took place with Munro Leys and TLTB on June 13 to resolve issues relating to location fees for US Survivor.

Promotions and Marketing

As Film Fiji is fully funded by Government, it is very mindful of the need to spend these resources prudently. As promotion is one of the core functions of Film Fiji, 43% of the budget this year was allocated exclusively to promote Fiji as a filming destination with the intention of also developing the local resources such as crew and locations through the continuous experience they will receive on working for more productions. This was done in the following strategic platforms:

INDEPENDENT AUDITOR'S REPORT

FILM FIJI

Opinion

I have audited the financial statements of Film Fiji, which comprise the statement of financial position as at 31 July 2017, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements give a true and fair view of the financial position of Film Fijl as at 31 July 2017, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards for Small and Medium-sized Entities ("IFRSs for SMEs").

Basis for Opinion

I conducted my audit in accordance with International Standards on Auditing (ISA). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of Film Fili in accordance with the International Ethics Standards Board for Accountant's Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to my audit of the financial statements in Fili and I have fulfilled other ethical responsibilities in accordance with these requirements and the IESBA Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Matter

The Board of Survey was not carried out for Property, Plant and Equipment (PPE) as at 31 July 2017. The survey needs to be carried out to strengthen the internal controls over the existence of PPE.

Responsibilities of the Management and Directors for the Financial Statements

The management is responsible for the preparation and fair presentation of these financial statements in accordance with IFRS for SMEs, the requirements of Film Fili Act 2012, and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Film Fill's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management intend to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Film Fiji's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with ISA, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Film Fijl's Internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management's and directors' use of going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Film Fiji's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures, are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Film Fiji to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the management and directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of Film Fiji Act 2012, in my opinion:

- a) proper books of account have been kept by the Film Fili, so far as it appears from my examination of those books,
- b) the accompanying financial statements:
 - a. are in agreement with the books of account; and
 - b. to the best of my information and according to the explanations given to me, give the information required by the requirements of Film Fiji Act 2012 in the manner so required.

FILM FIJI NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 JULY 2017

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Statement of Compliance

The financial statements have been prepared in accordance with the requirements of the Film Fiji Act 2012 and the International Financial Reporting Standards for Small and Medium-sized Entities (IFRS for SMEs) as issued by the International Accounting Standards Board (IASB).

The principal accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported.

Set out below is a summary of the significant accounting policies adopted by Film Fiji in the preparation of the financial statements for the period ended 31 July 2017.

1.1 Basis of Accounting

The financial report has been prepared on the basis of historical costs and except where specifically stated do not take into account current valuations of non-current assets.

In the application of IFRS for SMEs, management is required to make judgements, estimates and assumptions about carrying value of assets and liabilities that are not readily apparent form other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgements. Actual result may defer from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period. Judgements made by management in the application of IFRS for SMEs that have significant effects on the financial statements and estimates with a significant risk of material adjustments in the next year are disclosed where applicable, in the relevant notes to the financial statements.

1.2 Transition to IFRS for SMEs

Film Fiji has adopted IFRS for SMEs with effect from 1 January 2011. No amendments have been made on transition to IFRS for SMEs as Film Fiji previously applied accounting policies which are generally aligned with IFRS for SMEs. However, additional disclosures have been made in the financial statements as required by IFRS for SMEs.

- 1.3 Income Tax Film Fiji is exempted from income tax in accordance with Section 17 (58) of the Income Tax Act (Cap 201).
- 1.4 Income and Expenses Income and expenses are brought to account on an accrual basis.

1.5 Cash and cash equivalents

Cash and cash equivalents are carried in the Statement of Financial Position at cost. For the purpose of the Statement of Cash Flow, cash and cash equivalents comprise cash at bank and cash on hand.

Government Grant

Grants from the government are recognised at their fair value in income statement where there is reasonable assurance that the grant will be received and Film Fiji has complied with all attached conditions. Grants related to assets are presented as deferred income and are brought to account in the same proportion that depreciation bears to the cost of the assets acquired with the grants.

Fees

Application fees are recognised as income on receipt

Kula Film Awards

Sponsorships and contributions received in kind are accounted for at estimated fair value.

1.8 Deferred Income

Significant items of income having a relationship to more than one accounting period have been brought to account over the period to which they relate.

FILM FIJI NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 31 JULY 2017

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

1.9 Value Added Tax (VAT)

Revenue, expenses, assets and liabilities are recognised net of VAT, except: i) Where the amount of VAT incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of the asset or as part of an item of expense; ii) For receivables and payables which are recognised inclusive of VAT.

The net amount of VAT payable to, or receivable from, the taxation authority is included as part of payables or receivables.

1.10 Trade & Other Payables

Creditors and accounts payables are recognised when Film Fiji becomes obliged to make future payments resulting from the purchase of goods and services.

1.11 Provisions

Provisions are recognised when Film Fiji has a present obligation (legal or constructive) as a result of past events; it is probable that Film Fiji will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainty surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of time value for money is material).

1.12 Provision for Employee Entitlements

Liabilities for annual leave are recognised and are measured as the amount unpaid at the reporting date at current pay rates in respect of employee services up to that date.

1.13 Foreign Currencies

Foreign currency transactions during the year are translated to Fiji currency at rates ruling at the date of each transaction. Assets and liabilities in foreign currencies at year end are translated to Fiji currency at rates ruling at balance date. Gains and losses (realized and unrealized) are brought to account in determining the results for the year.

1.14 Comparatives

The financial statements for 2016 covered the period from 1 January 2016 to 31 July 2016. The financial statements for 2017 covered the twelve months from 1 August 2016 to 31 July, 2017.
