

# NADI TOWN COUNCIL

## Annual Report for the Year 2010

---

PARLIAMENT OF FIJI  
PARLIAMENTARY PAPER NO. 97 OF 2020

# **NADI TOWN COUNCIL**

## **ANNUAL REPORT**

(Section 19 - Local Government Act, Cap 125)

**FOR THE YEAR ENDED  
31ST DECEMBER, 2010**

**AISEA TUIDRAKI  
SPECIAL ADMINISTRATOR**

**TERRENCE O'NEILL  
CHIEF EXECUTIVE OFFICER**

**NADI TOWN COUNCIL**  
**ANNUAL REPORT FOR THE YEAR 2010**

1. **THE COUNCIL**

**HISTORY**

Nadi Township was established in 1947. In 1967 the election system to elect the members of the Board was introduced. The Board was upgraded to Council status in 1972 under the Local Government Act (Cap 125). The Local Government Act provides for the manner in which the Council may function, levy and collect rates, exercise its powers and expend its funds.

The Nadi Town Council is responsible for the provision and maintenance of a wide range of services to ratepayers in its 780 hectares locality. These services include sanitation services, roads, carparks, business licensing, gardens, parks and public recreational facilities such as the Municipal library, Market and the Civic auditorium.

Such services are financed from rates, fees and charges with the exception of capital works, which are generally financed from loan funds. The Council does not receive grants from the Central Government, for the above services. However, in November, 2007 the Council received \$40,000.00 from the Government as Challenge Fund to be used for the developments of Childrens Park in Nadi with the provision that Nadi Town Council used its own \$40,000.00 for the said project.

Under Section 57 of the Local Government Act, the Council is required to prepare annual statements before 31 May every year showing the assets, liabilities, income and expenditure of the Council on the 31 December of the preceding year. These annual statements are to be audited by the Auditor General and certified by August of every year.

2. **VISION, MISSION AND GOALS**

12.1 **OUR VISION**

To be a clean and beautiful city that is leading and innovative, valuing diversity, involving its community, balancing its ratepayers and citizens needs for now and in the future.

12.2 **OUR MISSION**

To promote health, welfare and convenience of the inhabitants of the municipality and to preserve the amenities or credit for the present and future generation.

12.3 **OUR GOALS**

- (a) To revitalize the town in order to enhance the quality of life of the residents.
- (b) To improve traffic safety and pedestrian safety in the town.
- (c) Make provisions for people with disabilities.
- (d) Provide adequate parking space for the citizens and visitors of the town.
- (e) Improve visual aesthetics of the town.
- (f) Work towards finding a permanent solution to the flooding faced by the town.
- (g) To have an effective town planning scheme which has policies and proposals for the controlled development and use of land in the town.
- (h) To support and promote the town's economy without losing its social and environmental values.

### 3. TOWARDS OUR VISION, MISSION AND GOALS

- 1.0 The council has an effective town planning scheme. The objectives of the scheme are:
- (i) To develop policies and proposals and relate them to the precise area of the land.
  - (ii) To provide detailed basis of development control
  - (iii) To provide detailed basis for co-ordinating the developments and their use of land.
  - (iv) To bring local and detailed planning usage before the public.
- 2.0 The Council now has a master drainage scheme plan for Nadi which guides the Council in the alleviation of the flooding problem.
- 3.0 The Council has already begun construction of Link Road between the Hospital road and Nadi Back road. Upon completion, this will considerably reduce the traffic congestion in the town.
- 4.0 The Council now has a master plan to revitalise the central business district of Nadi. The first stage of this plan is almost complete. The key elements being:-

❖ IMPROVED TRAFFIC SAFETY

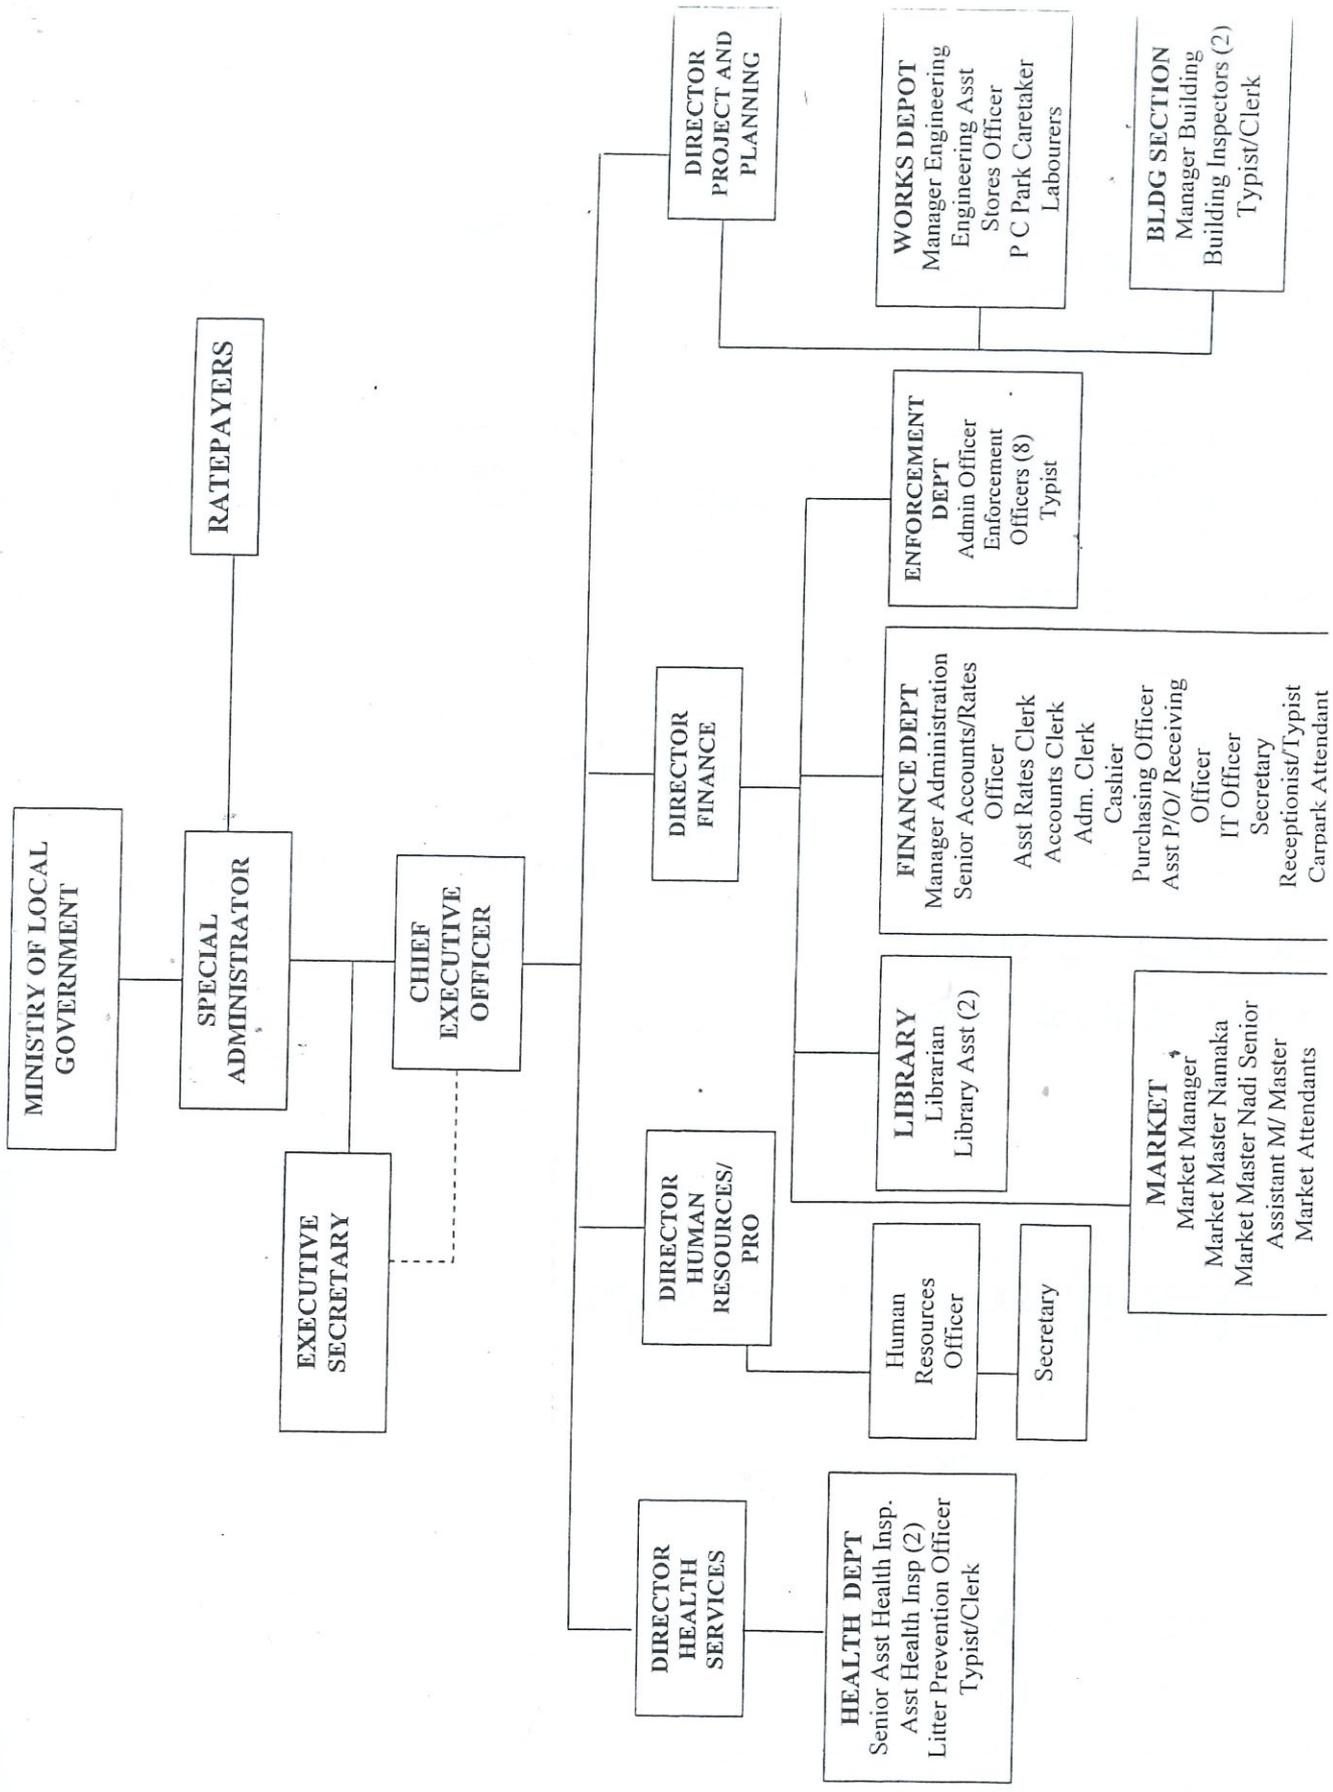

Intersections are improved through kerb extensions to minimise illegal use of the corners. Sight lines have improved as a result. There is better management of carparking in these areas.

❖ INSTALLATION OF TRAFFIC LIGHTS

Council has already installed three (3) sets of controlled traffic lights in the Main Street of Central Business District.

❖ IMPROVED VISUAL AESTHETICS

The overall aesthetics of the street space has been greatly enhanced through planting and gardens, new streetlights, seats and garbage bins.

**GENERAL FUND**

Revenue from sources other than rates represent almost 60% of the total revenue in General Fund. A significant part is derived from Business Licences, Market Fees, Rental from Council Properties, Bus Stand Charges, Public Carpark and Parking Meters.

1.4 **ESTABLISHMENT**

Nil

## HEALTH DEPARTMENT

### 1. INTRODUCTION

The 2010 fiscal year was a very challenging year. During the year the department was engaged in various projects and activities which included:-

- i) Waste Minimization and Recycling Promotion Project.
- ii) Clean Schools Program.
- iii) Change in Garbage Collection System.
- iv) Clean Bula Program to name a few.

We also took part in meetings, seminars, workshops, training programs both locally and internationally, community programs, schools programs, programs with the business communities etc.

Like every year we worked under a very tight budget coupled with lack of staff, during the year the Director Health Services was relieved of his duties. This development caused major reshuffle in the department. Despite all this we were able to continue with all our programs. The project continued with it's success in the Matavolivoli, Savunawai and the commercial areas of Namaka. Furthermore the timely donation of the shredder by the Embassy of Japan and a Multi-Purpose Truck by JICA relieved the Council in providing better and organized service to the community.

### 2. ESTABLISHMENT

- |   |  |
|---|--|
| 1 Director Health Services<br>1 Senior Assistance Health Inspector                | - Mr Sakaraia Serau – Acting CEO until July<br>- Mrs Premila Chandra- Acting Senior Health Inspector till todate |
| 2 Assistant Health Inspectors   | - Mr Rajeshwar Raj – Acting Senior Assistant Health Inspector till todate<br>- Mrs Nafiza Ali                    |
| 1 Litter Prevention Officer   | - Mr Taniela Saturu Boseiwaqa [Study Leave to FNU]   |
| 1 Temporary Litter Prevention Officer<br>1 Temporary Litter officer/Driver/Labour | - Mr Sakenasa Namisi<br>- Mr Uday Kant   |

The staff of the department were given all opportunities to attend to Local and International training courses/workshops to up skill their knowledge base, management and implementation skills in the field of Environment and Health.

### 3. BUSINESS LICENCES AND REGISTRATION OF PREMISES

The following premises were registered and Business Licenses issued by the Council during the year;-

<u>NO.</u>	<u>TYPES OF PREMISES</u>	<u>NO. OF LICENCES ISSUED</u>
1	Hotels/Apartments	22
2	Motels/Guests Houses	11
3	Restaurants	111

4	Takeaways/Milk Bar/Dairy	46
5	Garment Factories	23
6	Service Station	6
7	Theatre	-
8	Pool-Table/Billiard/Amusement	3
9	Private Clubs	2

	<b>Total</b>	<b>2054</b>	<b>1564</b>

This column may include work completed during the year under review but ordered during previous year

7. **NOTICES & VERBAL WARNINGS ISSUED TO DEFAULTERS OF BY-LAWS**

NO.	TYPES OF NOTICES ISSUED	NO. ISSUED	NO. COMPLIED	NO. NOT COMPLIED
1	Abatement of nuisance	3	2	1
2	Litter Offence - Reminder Notices	85	83	2

8. **LEGAL ACTIONS.**

Operating Business without Licence - 1

9. **COMPLAINTS RECEIVED**

No.	Attended	Not Complied Withdrawn	Complied
344	344	2 [Court Case]-	342

10. **NOSIE PREVENTION AND ABATEMENT PERMIT ISSUED**

All noise prevention and abatement issue were referred to the Enforcement Department of the Council while the department staff attended to noise nuisance issues especially related to Night Club Operations in the special zones.

The department continuously reminded and warned Night Club operators to be mindful of the immediate residential premises within their vicinity including the hotel guests in the area.

11. **FOOD SAFETY MONITORING**

Monitoring of all food premises which included restaurants, fast food, canteens, butcher shops, bakeries, supermarkets, food and aerated water factories continued during the year on regular basis to ascertain they maintain required standards as per Food Safety Acts and Regulations. Inspections were also conducted for recommendation for issuance of Business Licenses and health permits.

12. **PUBLIC CONVENIENCE**

All public conveniences were thoroughly cleaned and maintained in a hygienic condition during the year. As usual regular meetings were conducted with all cleaners to ensure they perform their duties to expectations.

Regular upgrading and maintenance works also continued as we faced a lot of vandalism to the fixtures and fittings of sanitary ware.

The Council also decided to upgrade all public conveniences to be user pay.

13. **GARBAGE COLLECTION**

Collection & Disposal

The total number of loads of refuse collected and disposed during the year was as follows:

Household Garbage by Contractor	-	869 loads
Garden Refuse by Council	-	558 loads

All household refuse collected by the contractor was disposed off at the Vunato Disposal site in Lautoka.

14. **NEW GARBAGE COLLECTION SYSTEM**

The Council with the assistance of the Waste Minimization and Recycling promotion project has reduced the garbage collection days in whole of Namaka Ward as follows:-

Residential	-	from 3 days/week to 2days / week
Commercial	-	from 6 days / week to 5 days / week

Furthermore we introduced the services of recyclable collection as follows:-

Residential Areas	-	Twice a month
Commercial Area	-	Once a week

15. **ANTI – MOSQUITO SPRAYING**

Anti – mosquito spraying was conducted once during the year to eliminate adult mosquito population. Larviciding of drains with water was also being monitored.

16. **VOLUNTEER GROUP CLEAN UP CAMPAIGN**

The Council received several volunteer groups during the year to carry out clean up campaigns on our roads and at parks. The Volunteer groups also included high school students, corporate organizations, youth groups, church groups who were also joined by individual friends and family members.

The Council facilitated these campaigns by providing pick-up trucks, hand gloves, sacks/garbage bags, and rakes.

17. **DOG TRAPPING**

With the ever increasing complaints received from the residents in regards to stray dog nuisance, dog traps was set up at critical locations during the year.

No. of dogs trapped - 9

Since there is no registered pound in Nadi the Council had convened negotiations with the Ministry of Primary Industries to set up a dog pound in Nadi and assist the Council euthanizing the dogs.

Major problems faced by the department during dog trapping was vandalism to the traps once it was placed at public places, however Council only started placing traps in front of premises who took responsibility of taking care of the traps.

18. **BUILDING PLANS**

The total number of building plans scrutinized during the year was 162.

19. **PROPOSED DUMP SITE**

The Council has yet again identified another location to be developed as a disposal site of all waste generated in Nadi Town Boundary and the greater Nadi area. The Council has had preliminary meetings with the landowners who have shown interest in leasing the land to the Council. The site has also been visited by the officers of the Department of Environment, JICA Expert Team and NLTB Officials.

The Council is further pursuing the matter with NLTB to obtain appropriate consents in order to proceed with a formal application to Department of Environment, Town and Country Planning and Rural Local Authority.

20. **WASTE COMPLIANCE CAMPAIGN – DEPARTMENT OF ENVIRONMENT**

Staff of the department assisted Dept. of Environment Western Division to issue non-compliance notices to all industrial and commercial facilities within and outside Nadi Town Boundary.

The Operation started on 21<sup>st</sup> June and concluded on 30<sup>th</sup> June with assistance from Police and Military.

During this period the team issued 808 notices in Nadi.

21. **WORKSHOPS AND TRAININGS ATTENDED**

1. 4 – 5/3/10 – International Labour Organization Workshop on Safety Measures to be considered by both employees and employers to minimize injuries at work.

The workshop invitation was extended to and attended by Council Labors, Contractors and their workers with health staff.

2. 29 – 30/03/10 – Processes and Implementation of Environment Impact Assessment conducted by Department of Environment.
3. 30/04/10 – Strengthening Women in Local Government – the objective of this workshop was to raise awareness of the benefits of increasing the participation of women in leadership roles in Local Government, undertake research on the status of women in Local Government, establish a national "Women in Local Government network", encourage councils to adopt gender sensitive human resources practices and encourage councils to adopt gender aware policies.
4. 11-12/5/10 – Grading of Restaurants in Fiji – the objective of this workshop was to discuss about the grading system of restaurants in Fiji which will allow all authorized officers under the Food Safety Act to be able to rate each restaurant they inspected.
5. 10-14/05/10 – SAHI Rajeshwar Raj attended five days training at TPAF on Certificate IV in OHS. The course was facilitated by National Safety Council of Australia.
6. 16-19/05/10 – Local Government Managers Australia – Annual Congress and Business Expo was attended as an observer by Acting Director Health Mrs. Chandra at Adelaide Convention Centre at

the invitation of the Commonwealth Local Government – Pacific Project. This was inline with the CLG Pacific Project for promoting women in Local Government management.

7. 18/6/10- Teachers Workshop for clean school program in Lautoka.
8. 9th & 16th/06/10- Adobe in design training by JICA Expert.
9. 30/07/10 – Staff attended Litter Promulgation Workshop conducted by DoE in Lautoka.
10. 31/08/10 – 13/09/10 - 3 staff from Health Department , 1 staff from Engineering Department and the Special Administrator Mr. Tuidraki attended a 2 week Country Focused Counterpart Training on 3R Promotion in Japan by JICA in association with Kitakyushu International Techno Co-operative Association.
11. 20-24/09/10 – 1 staff joined the JOCV Regional Training in the field of Environment. Our 3R Promotion was introduced and a presentation was done to all the participants on the same.
12. 26-27/10/10 – 7 Council staff attended Training under supervision of Ministry of Labour on Shredder operation at Niranjans depot in Lautoka.
13. 3-4/11/10 - Staff attended awareness workshop organized by Ministry of Health Food Control Unit on Food Biotechnology, the impact on human health and need for food security in the world.
14. 11/11/10 - Staff attended National Solid Waste management Consultation organized by Department of Environment.
15. 7-10/12/10 – 2 Staff attended a workshop on HACCP & Codex/Food Safety Regulation Workshop organized by Food Control Unit of Ministry of Health.

## 22. WORKSHOPS AND TRAININGS CONDUCTED BY THE DEPARTMENT

1. 19/02/10 – Workshop on Clean Schools program was attended by Teachers of both Primary & Secondary Schools in Council Chambers.
2. 21/06/10 – Training of 3R Promoters in Chambers to assist staff in distribution of 3R promotional materials in pilot sites at Savunawai, Waqadra Co-operative, and Namaka Commercial.

Presented and conducted training on Waste and Recycling Management and OHS aspects to workers of Garbage and Market Contractor.

Presented 3R Centric Promotion of Solid Waste Management Master Plan to Nadi Chamber of Commerce during their Annual Seminar at Novotel, Nadi.

3. 08/10/10 - Conducted follow-up Teachers Workshops/Awarding Ceremony.
  - Total of 14 schools (24 teachers) participated
  - Winning School awarded for their good practices
  - The group visited overall best school
  - Group discussion on key points for good practices
  - Challenges and solutions were collated
  - Presentation was done by each group
4. 29/10/10 – Conducted seminar on 3R Expansion plan – the seminar was attended by both residential and commercial stakeholders.
5. 15/11/10 – Conducted training of 3R promoters to assist staff in distribution of 3R promotional materials and explain introduction of New Garbage collection in whole of Namaka Ward.

## 23. WASTE MINIMIZATION AND RECYCLING PROMOTION PROJECT

After the launch of the project last year the department expanded piloting in two other residential areas in Namaka Ward, namely at Savunawai residential and Waqadra co-operative residential. The system was also expanded to whole of the Namaka Commercial area.

Series of consultations, community meetings, media awareness and house to house visits were made in these areas to introduce the system of 3R Promotion and to encourage residential / commercial stakeholders to participate and assist Council during the pilot stage.

### 6<sup>th</sup> JOINT COORDINATING COMMITTEE MEETING

A 6 monthly report on the progress of the project was presented to the Joint Coordinating Committee (JCC) in JICA, Suva office. The Mid Term Review Team of the Project from Japan also presented their report and a brief summary is as follows:-

The Mid Term review team evaluated the achievements of the outputs and project purpose and summarized as follows after interviewing all counterparts and visiting the Pilot Project sites.

OUTPUT 1 - "Solid Waste Management Master Plan focusing on 3R" is developed for Nadi considering the achievements of this indicator the review team reported that output 1 has been successfully achieved.

OUTPUT 2 - "Nadi Town obtains the capacity for proper Solid Waste Management (SWM) through the implementation of pilot projects" considering the achievements of this indicator the review team reported that output 2 has been successfully achieved.

This review report was also complemented by JICA.

### CLEAN SCHOOLS PROGRAM

As part of the project the JOCV Ms Yumi Yosidomi took the clean schools program as part of one of her activities.

**The Aim of the Program was to:**

- Introduce the 3R centric system in all schools within the boundary.
- To give the opportunity for schools to start proper waste management.

To expand the education about waste minimization for the people at school, home and communities.

A Teachers Workshop was conducted by the department staff on 19<sup>th</sup> February, 2010 in which 25 Teachers from 14 out of 15 schools participated. This was made possible through the assistance of Ministry of Education support and approval.

The aim of the teachers workshop was to let participants:

- Know the situation of waste problems.
- Understand the outline of the program.
- Be motivated to start the school practices.

A guide for the Clean School Program was prepared and presented as follows:-

- Division 1 : Environmental Awareness raising
- Division 2 : School Composting
- Division 3: Rubbish Separation and Recycling

Development of Action Plan by participants and Entering into Clean Schools competition.

All Schools after submitting their action plan were monitored twice before final judgment was conducted on 12<sup>th</sup> – 13<sup>th</sup> August, 2010.

The outcome of the judgment was as follows:-

Best School for all Division	-	Andrews Primary School
Division 1 Winner	-	Mt St. Mary's Primary School
Division 1 Runner Up	-	Nadi Sangam School
Division 2 Winner	-	Nadi District School
Division 2 Runner Up	-	Nadi Muslim College
Division 3 Winner	-	Nadi Arya Samaj Primary School
Division 3 Runner Up	-	Nadi College

The awarding ceremony was held on 8<sup>th</sup> October, 2010, after the follow-up teachers workshop.

During this follow-up workshop Teachers of winning schools prepared and presented their activities and actions to achieve the aim of the program.

### CONCLUSION

To conclude, the year 2010 was filled with awareness activities for most of the ratepayers and staff likewise. Through news bulletins, print media, community meetings and radio programs we were able to disseminate information and importance of Waste Minimization.

The changes brought about in the style of management was also a learning process for us all in the department as it was very different from that in the previous years.

I also wish to acknowledge the great contribution by the JICA Expert Team for paving the way forward for the Waste Minimization and the Recycling Promotion project. We also like to take this opportunity to thank the Embassy of Japan for the timely donation of a shredding machine, and JICA for the multipurpose truck to assist the Council with the project. The training program organized by JICA in Japan for four (4) staff and the Special Administrator was very timely for us to learn the 3R activities practiced in Japan which enabled us to better facilitate the project back home.

Finally, I wish to record our sincere thanks and appreciation to the Special Administrator, the Chief Executive Officer, Managers of other departments and my hard working staff for their continued support, guidance and encouragement in the delivery of all our task. We also like to show our thanks and appreciation to the various government/non government agencies, stakeholders and rate payers for their continued support during this very difficult and challenging year.

Thank you and God bless you all.

## ENGINEERING DEPARTMENT

### 1. ESTABLISHMENTS

Director Project and Plannig	1
Works Supervisor	1
Engineering Assistant	1
Stores Officer	1
Work Force - Permanent	29
- Casual	31

### 2. INTRODUCTION

This report briefly describes the nature and extent of works carried out by the Engineering Department of Nadi Town Council during the year. The report is divided into the following sections:-

1. Roads
2. Drains
3. Parks and Gardens
4. Buildings
5. Street Lights
6. Contract Works
7. Town Planning
8. Work Force

### 3. ROADS

Council maintains 72 kilometers of roads within Nadi Town Boundary.

Road work is divided into two (2) sections.

- a. Maintenance
- b. Capital

#### (i) Maintenance Work

These involve the grass cutting, raking cleaning and leveling of road verges. Desalting of footpaths and road gutters, patching of pot holes and repairs of road carriage ways, footpaths and walkways, installations of road signs and names, marking of roads and parking meter bases, taxi and carrier stands.

#### Capital Works

##### Link Road (Ratu Naevo Road)

The above road has been completed and this has eased the traffic problems in Nadi. The completion of the road cost the Council almost 1.3 million.

##### Namaka Market Extension

This extension is has been completed with the addition of 133 new stalls to the existing 122 stalls. The Council is negotiating with AFL on the acquisition on the land. Talks are continuing and the Council is confident AFL will offer this land to the Council.

### Installation of New Streetlights

Due to the road upgrading and widening by the Department of National Roads in the Queens Rd, all of the streetlights from Nakvu Village to Wailoaloa Rd were damaged.

Council spent \$102,000.00 to install new 250w lights to replace the damaged lights.

### Boot Project (PPP)

This is the Private Public Partnership with the Developer Masuiria Designs to construct a shopping complex between the Nadi Market and Bus Stand. A final presentation on the Boot variation was presented to the Minister to increase the Boot timeline from the initial proposal of 10 years to 25 years. The intention to increase the timeline is solely due to the buy back value after 25 years where the Council is not required to pay a cent, however should the period be reduced to 10 years then the Council is liable to pay over \$3 million.

The agreement is at its final stage and once the project is constructed the Council will receive revenue of \$150,000 per year. This revenue sharing will be reviewed after every 5 years and the BOOT agreement will also reflect this.

### Master Plan

The Council has engaged **Mr. Tony Laciura** an American Peace Corp to help with the construction of the Nadi Town Master Plan. This Master Plan will replace the current Town Planning Scheme. The Master Plan has taken into account the following:

- Extension of the Town Boundary
- The flooding control measures
- The traffic flow within the town area
- Zoning and re-zoning of certain areas
- Integrating the Airport Master Plan into the new Master Plan.
- Review of rates and introduction of Building Taxes.

The Council has set the end of November 2010 to complete this plan before it is submitted to the Ministry for approval. The Council's intention after increasing the town boundary, it will be in a better position to meet the requirements to apply for Nadi to becoming the next City. There is a lot of work involved and the Council will work with all the stakeholders in facets to meet its objectives.

#### 4. DRAINAGE

The Council carried out works on all the drains in the town boundary during the year which included flushing blocked of culverts and desilting of drains. Also a track digger was hired to clean the major earth drain coming from Deo St to Saunaka Village.

#### 5. PARKS AND GARDENS

Council maintained all children's parks with maintenance works and also installed rubbish bins. Also the gardens beds were maintained by regular weeding and replanting of damaged flowers. All other side street gardens were also well maintained.

Both the towns' entrances road kerbs were maintained by painting it.

6. **STREET LIGHTS**

Repairs of street lights were carried out by Sigatoka Electric Company Limited and repairs amounted to \$130,000.00 . This is inclusive of the changing of all the streetlights along the Queens Rd from 125w to 250w.

7. **MAINTENANCE OF VEHICLES AND PLANT**

The Council's Mechanical Workshop at the Works Depot Comprised of 1 established staff that continuously carries out all repairs and general maintenance on our fleets.

**BUILDING**

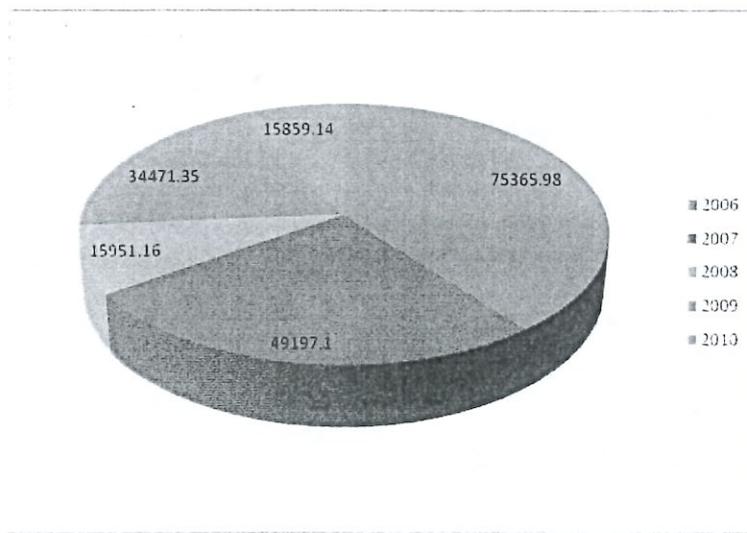

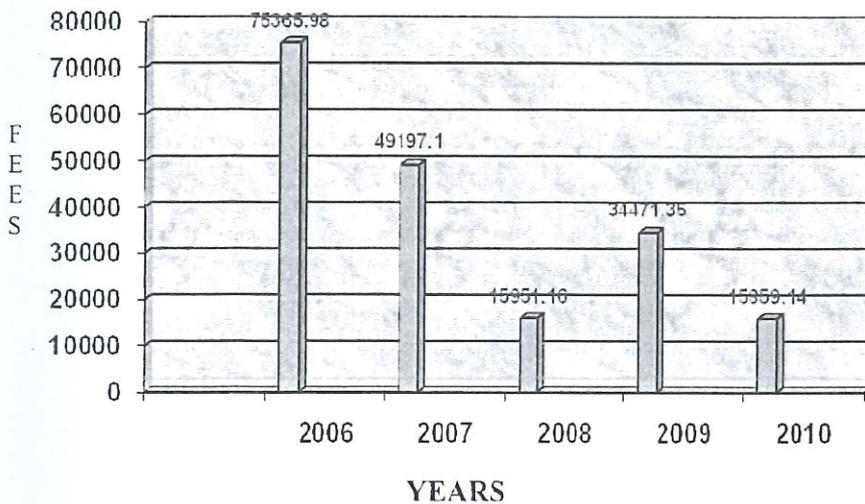

**BUILDING DEVELOPMENT**

Nadi Town Covering an area of 780 hectares is divided into three wards:-

1. Town Ward
2. Martintar Ward
3. Namaka Ward

The total number of building applications received during the year was 106 total to an aggregate value of 9.7 million dollars. The total revenue received for processing these applications were \$34,471.35. A comparison of building permit fees for the last five (5) years is provided in graphical form at Chart 1. Chart 2 shows the comparative volume of building works approved in the last five years.

**CHART 1 : BUILDING FEES**

## LIBRARY ANNUAL REPORT

### Staff

Librarian - 1  
 Assistant Librarian - Nil  
 Library Assistant - 1

### Opening Hours

The Library is opened on following days:

Monday-Friday - 9.00 am – 5.00 pm  
 Saturdays - 9.00 am = 1.00 pm

### Revenue

Library cost & fine – 414.84  
 Library subscription – 1,478.45  
 Internet - 1,446.70

### Statistics

Membership - 1,268  
 Total number of books/Magazine issued - 7295  
 Total number of people using the Library - 11,585

### Inter-Library Loan

Books lent - Nil  
 Books received – Nil

### Library Stock

According to 2010 stock take the total number of Fiji Library Services books were 1,330 and our books were 7504.

### Periodicals

The Library currently holds following 6 weekly periodicals:

The Fiji Times      Nai Lalakai      Shanti Dut  
 Fiji sun              Kaila

### Donation

The Library relies very heavily on donated books and magazines. We receive books and magazines from Indian, American, British, and Korean. Japan, High Commission. The community of Nadi also donates books to us.

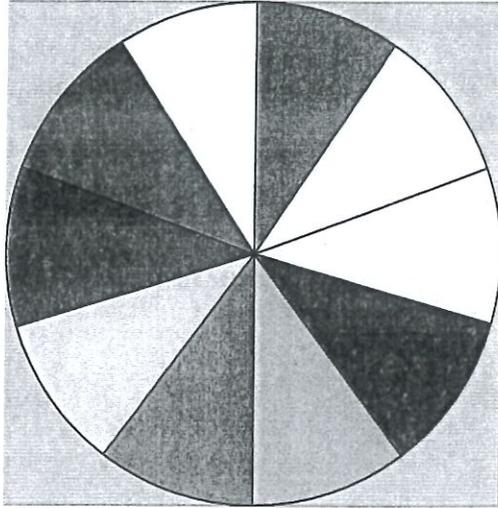

### Activities

Various activities are done at the Library . National Library Week is a yearly event for school children. We also have activities during the holidays. In 2010 we did Rangoli competition ,Christmas competition, make/write a book competition . At the Pre-Kindy. Religious displays are also done at the Library. The Library is always busy.

### Services

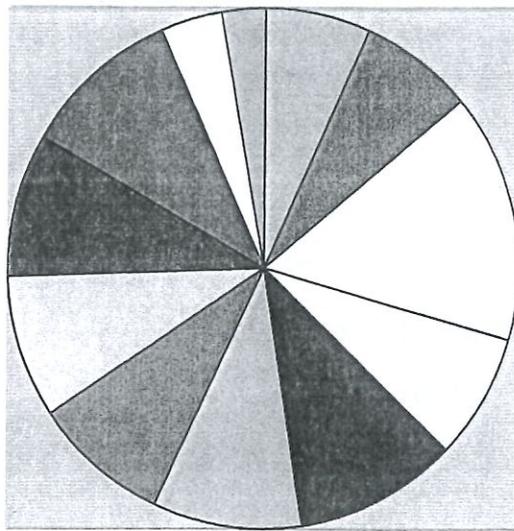

The Library provides services of internet, Photocopy , Printing , and Vertical Files for children projects and assignments. Now we have a Pre-kindy attached to the Library where the mothers are helping their child to start learning for a younger age.

Excellence in Public Sector Auditing

---

**NADI TOWN COUNCIL  
FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010**

**INDEPENDENT AUDIT REPORT**

---

Scope

I have audited the financial statements of the Nadi Town Council for the year ended 31 December 2010 in accordance with provisions of the Local Government Act and Section 13 of the Audit Act (Cap. 70). The Council is responsible for the preparation and presentation of the financial statements and the information contained therein.

I have conducted an independent audit of these financial statements in order to express an opinion on them.

My audit has been conducted in accordance with Fiji Standards on Auditing to provide reasonable assurance as to whether the financial statements are free of material misstatements. My audit procedures included examination, on a test basis of evidence supporting the amounts and other disclosures in the financial statements and the evaluation of accounting policies and significant accounting estimates. These procedures were undertaken to form an opinion as to whether, in all material respects, the financial statements are presented fairly in accordance with Fiji Accounting Standards and statutory requirements so as to present a view which is consistent with my understanding of the Council's financial position, the results of its operations and cash flows.

The audit opinion expressed in this report has been formed on the above basis.

Qualifications

- a) The Council failed to revalue its properties as per the requirements of FAS (16) – *Property, Plant and Equipment* and did not also provide a detailed Fixed Assets Register for audit. Therefore, I was not able to satisfy myself regarding the valuation and completeness of Property, Plant and Equipment and its related depreciation charge.
- b) The Statement of Financial Position recorded other receivables amounting to \$209,969 comprising of Value Added Tax of \$128,762 and miscellaneous advance of \$81,207. The Council failed to prepare appropriate reconciliations and provide supporting documentations to substantiate these amounts. Accordingly, I was not able to satisfy myself if other receivables were fairly reported in the financial statements.
- c) The Council failed to prepare appropriate reconciliation for rate, rent and fee debtors for the year ended 31 December 2010. Additionally, no listing was provided for audit verification to substantiate total rate debtors of \$2,112,559. Accordingly, I was not able to satisfy myself regarding the valuation

and completeness of the rate debtors and also whether total receivables of \$2,192,550 presented in the financial statements were fairly stated.

### Qualified Audit Opinion

In my opinion, except for the matters discussed in the qualification paragraphs, the financial statements presented fairly in accordance with Fiji Accounting Standards and the statutory provisions, the financial position of Council as at 31 December 2010 and the results of its operations and cash flows for the year then ended.

Without further qualifying the audit opinion, attention must be drawn to the following:

- Some of the Council's Land, Parking Meter and Streetlights have not been incorporated in the Statement of Financial Position as at 31 December 2010. Audit was not able to ascertain the value of these properties due to lack of supporting documentations.
- Included in the Statement of Financial Position under receivables is a figure totaling \$43,717 comprising of the account enforcement, & parking meter infringement. The Council has not successfully obtained the legal rights over the receipts of the infringement fines which are collected by Land Transport Authority.
- Included in the Statement of Financial Position under Parking Meter Fund is Cash at Bank amounting to \$189,718. The Council recorded this balance through a book entry adding the opening accumulated funds of the Parking Meter account to the surplus made by Parking Meter Account. The total is then subtracted from the General Fund Bank account to determine Parking Meter Cash at Bank balance.
- The value of all the roads, footpaths and drains of the Council has not been incorporated in the Statement of Financial Position as at 31 December 2010. As a result the amount reported under Property Plant and Equipment in the financial statement may not be fairly reflected.

Tevita Bolanavanua  
AUDITOR GENERAL  
Suva, Fiji

4 May, 2012

NADI TOWN COUNCIL

NADI TOWN COUNCIL  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2010

---

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Set out hereunder are the significant accounting policies adopted by the Council in the preparation of the accounts for the year ended 31 December 2010. Unless otherwise stated similar policies were followed in the previous year. All amounts are stated in Fijian currency.

(a) Basis of Accounting

The accrual basis of accounting is adopted for all financial transactions with the exception of parking meter tolls. The financial statements have been prepared on the basis of historical cost and do not take into account changing money values.

(b) Revenue

Revenue is recognised in the Statement of Income and Expenditure when charged to the ratepayers by the Council. The major sources of revenue are collections in the form of general rates, loan rates and rental income from the Council's properties.

(c) Income Tax

The Council is exempt from income tax in accordance with the provisions of Section 17 of the Fiji Income Tax Act.

(d) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation as at the balance date. When assets are retired or otherwise disposed, the related cost is removed from the accounts and any profit or loss arising is included in the statement of income and expenditure.

(e) Depreciation

The Council's property, plant & equipment are depreciated over their estimated useful lives using the straightline method at the following rates.

	<u>Rate</u>
Office equipment	10%
Furniture & fitting	10%
Plant & machinery	10-20%
Motor vehicle	20%
Building	1.25%

NADI TOWN COUNCIL  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (CONT'D)  
FOR THE YEAR ENDED 31 DECEMBER 2010

---

(f) Receivables

Receivables are stated at expected realisable value as certified by the Council. No provision was created for any doubtful debts for 2010.

(g) Impairment

The carrying amount of the Council's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated at each balance sheet date. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. All impairment losses are recognised in the Statement of Income and Expenditure.

(h) Fund Accounting

The Council has adopted a fund accounting system as a considerable part of annual revenues which comprises rates for different purposes and special purpose funds as required by the Local Government Act. Accordingly, it is necessary to establish separate fund to recover the amounts received, expenditure incurred and the net balance of funds available to be carried forward into the next financial period.

The identification of funds is maintained throughout the accounting system, thus providing the control necessary to ensure that each fund is used only for the purpose for which it is received.

Details of Special Purpose Funds maintained by the Council are:-

Parking Meter Fund

The Council in compliance with the Land Transport Act, has to maintain a separate account for operation of Parking Meters in designated areas of roads within municipality.

Loan Rate Fund

The Council in compliance with the Local Government Act, has to maintain a separate account for operation of Loan Rate Fund account.

(i) Comparatives

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

NADI TOWN COUNCIL  
 NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (CONT'D)  
 FOR THE YEAR ENDED 31 DECEMBER 2010

(j) Employee Entitlement

Provision is made for benefits accruing to employees in respect of salaries/wages and annual leave when it is probable that settlement will be required and they are capable of being measured reliably. Provisions made in respect of employee benefits expected to be settled within 12 months, are measured at their nominal values using remuneration rate expected to apply at the time of settlement.

(k) Administrative fees

A rate of 12% is applied to the Parking Meter Fund budget to calculate administrative expenses to be charged to this account.

(l) Deferred Income

Government and other grants are recognised where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the period necessary to match them with the related costs which the grant are intended to compensate. Where the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related assets.

(m) Creditors and Accruals

Liabilities for trade creditors and other amounts are carried at cost (inclusive of VAT where applicable) which is the fair value of the consideration to be paid in the future for goods and services received whether or not billed to the council.
