Dear Madam,

Re: Response to Tabled Committee Report

1. Reference is made to your 25 February 2020 letter on the above mentioned subject.
2. The Ministry hereby provides its response to the Standing Committee on Public Accounts on the following:
 - a. Parliamentary Paper 05 of 2020 – “Review of the 2016/2017 Audit Report on Statutory Authorities”, and
 - b. Parliamentary Paper 08 of 2020 – “Review of the 2016/2017 Audit Report on Government Commercial Companies and Commercial Statutory Authorities”.
3. The reports attached herein include responses to:
 - a. Parliamentary Paper 05 of 2020 from the following Statutory Authorities:
 - i. Public Rental Board;
 - ii. Fiji Meats Industry Board; and
 - iii. Fiji Revenue and Customs Service
 - b. Parliamentary Paper 08 of 2020 from Government Commercial Companies and Commercial Statutory Authorities:
 - i. Airports Fiji Limited;
 - ii. Fiji Broadcasting Corporation Limited;
 - iii. Fiji Public Trustee Corporation Limited;
 - iv. Post Fiji Limited;
 - v. Unit Trust of Fiji (Management) Limited;
 - vi. Energy Fiji Limited;
 - vii. Housing Authority;
 - viii. Copra Millers of Fiji Limited;
 - ix. Pacific Fishing Company Limited; and
 - x. Fiji Development Bank

4. We look forward to the Standing Committee's consideration of these responses.

Yours Sincerely

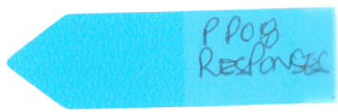

Makereta Konrote
PERMANENT SECRETARY

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

A. GOVERNMENT COMMERCIAL COMPANIES

1. AIRPORTS FIJI LIMITED T/A FIJI AIRPORTS

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
<p>HIGHLIGHTS</p> <p>The Committee noted in the audit report that the Airports Fiji Limited's 2016 and 2017 financial reports were issued with an unmodified (unqualified) audit opinion.</p> <p>The Committee was informed that FA (Fiji Airports) has been recognized by Airports Council International (ACI) for very good overall cost competitiveness and cost management in the region both in terms of operating expenditure and capital expenditure.</p> <p>It was noted that the report benchmarked FA's per passenger cost being only 53% of the Pacific and World Average. The report stated that Fiji Airports has paid \$175m in dividends to its shareholders over the last six years. It was also noted that FA had paid \$14.91m in dividends in its entire history compared to previous years and also mention that FA is currently the highest dividend paying State Owned Enterprise in Fiji.</p> <p>The Committee also found that FA has a strong balance sheet as recorded, \$350.6million increased in total assets from \$197.4million in 2013 to \$548million in 2018. It was noted that this was attributed to both to the successful cost efficient infrastructure upgrades that have given good "value-for-money" investments to FA and the lapse of time increasing values of assets. Also noted that FA engaged Beca Erasito for a revaluation exercise which was taken into FA books in 2018.</p> <p>The Committee was informed that the total shareholder's fund grew from \$167.6million in 2013 to \$406million in 2018, which increases by \$237.9m or 142% and this was amount after the \$145million paid out in dividend to Government until 2018.</p> <p>1) In terms of its current ratio: the Committee was informed that this</p>

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES																																										
<p>measures a company's ability to pay short-term obligations or those due within one year. It also tells how a company can maximize the current assets on its balance sheet to satisfy its current debt and other payables. It was further noted that if the ratio is below 1, it raises a warning sign as to whether the company is able to pay its short term obligations when due. FA's current ratio is 3.44 in both 2018 and 2017 and shows that FA has three times the ability to pay its current short term obligations.</p>																																											
<p>2) In terms of its debt to equity ratio: the Committee was also informed that this measures the degree to which a company is financing its operations through debt versus wholly-owned funds. A ratio of greater than 100% shows that the company is effectively owned more by creditors and financiers instead of shareholders. It was noted that FA's ratio is 35% and has only 35% external debt funding compared to shareholder's equity.</p>

<p>The Committee noted that in 2017, Airports Fiji Limited recorded a substantial increase in its net profit by \$14.7million (30%) compared to 2016. It was found that this resulted by the increase in revenue generated by air navigation charges, concessions, landing and parking fees international, terminal navigation aid charges and rental offices and warehouses.</p>																																											

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS			RESPONSES
Airports Fiji Limited - Abridged Statement of Financial Position			
Description	2017 (\$)	2016 (\$)	
Cash on Hand and at Bank	55,210,940	16,345,000	
Trade Receivables	18,125,039	13,516,678	
Inventories	483,298	758,282	
Other Receivables and Prepayments	4,612,538	4,456,864	
Term Deposits	11,000,000	57,700,246	
Property, Plant and Equipment	233,790,792	200,384,246	
Investment Property	8,453,793	8,709,302	
Total Assets	331,676,400	301,870,618	
Bank Overdraft	---	1,744,399	
Trade and Other Payables	10,961,908	9,755,310	
Loans and Borrowings	81,073,156	65,736,875	
Employee Benefits	844,057	756,061	
Deferred Income	11,212,372	11,881,794	
Current Tax Liability	2,982,032	5,999,480	
Deferred Tax Liability	2,875,478	3,347,962	
Total Liabilities	109,949,003	99,221,881	
Net Assets	221,727,397	202,648,737	
<p>It was noted in the report that in 2017 the Net Assets was increased by \$19.07million (9%) in 2017 compared to 2016. This was attributed by the increase in cash on hand and at bank, trade receivable and property, plant and equipment.</p> <p>OTHER SIGNIFICANT MATTERS</p> <p>The Committee found on other significant matters of the audits that impairment assessment and <i>useful Lives of Plant and Equipment</i>; and <i>VAT Reconciliation and Taxable Supplies</i> are incorrectly declared in VAT returns and this has been highlighted as an audit issue.</p>			<p>All the audit issues noted for Fiji Airports has been resolved and this has been confirmed by the Office of the Auditor General. The following was undertaken by Fiji Airports relating to the two audit issues:</p> <p>1. Impairment Assessment and Useful Lives of Plant and Equipment:</p> <ul style="list-style-type: none"> • In September 2017, Fiji Airports Board approved Erasito Beca Consultants Ltd (Erasito Beca) to complete a revaluation of buildings, infrastructure, and plant & equipment assets for financial reporting purposes. • The valuation by Erasito Beca also revalued annual

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>depreciation (and rates). This was derived by Erasito Beca considering the age and condition of the asset and the final valuation report was received on 31 May 2018.</p> <ul style="list-style-type: none"> • FA then carried out the reconciliation of assets as per the valuation report against individual assets in the asset register and engaged Ernst & Young (EY) to review and propose the required accounting entries to be taken up in the books for revaluation, disposals, and assets addition. The accounting entries were taken up as at 1 January 2018. • In summary, FA's assets were revalued upwards by \$207M. The large increase in value was reflective of the various developments and upgrades of its assets over the last decade. • Audit issues relating to assets have been resolved through this asset revaluation. <p>2. VAT Reconciliation and Taxable Supplies Incorrectly Declared in VAT Returns:</p> <ul style="list-style-type: none"> • Whilst this had no effect on the vat payable or vat refunds, there were several transactions such as term deposit and loan drawdown appearing in the vat sales report as it was being receipted in the finance receipting system. • This was rectified and such items are being segregated at receipt entry level.

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

2. FIJI BROADCASTING CORPORATION LIMITED (FBC)

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES																																	
<p>HIGHLIGHTS</p> <p>The Committee noted in the audit report that the Fiji Broadcasting Corporation Limited’s 2016 and 2017 financial reports were issued with an unmodified (unqualified) audit opinion.</p> <p>It was noted that in 2016, FBC recorded a net profit of \$4,262,769 in comparison with the net loss in 2015. The profit due to recognition of public service B=broadcast revenue of \$9,201,615 recorded in 2016 compared to nil in 2015. The Committee was informed that it relates to Government assistance to the corporation to provide broadcasting services to the public which not charged by the corporation.</p> <p><i>Fiji Broadcasting Corporation Limited- Abridged Statement of Financial Performance</i></p> <table><tr><th>Description</th><th>2017 (\$)</th><th>2016 (\$)</th></tr><tr><td>Operating revenue</td><td>22,332,621</td><td>19,202,108</td></tr><tr><td>Other revenue</td><td>1,074,153</td><td>418,925</td></tr><tr><td>Total Revenue</td><td>23,406,774</td><td>19,621,033</td></tr><tr><td>Administrative and Operating Expenses</td><td>13,120,352</td><td>12,272,541</td></tr><tr><td>Marketing Expenses</td><td>2,534,853</td><td>2,163,728</td></tr><tr><td>Finance costs</td><td>817,450</td><td>921,995</td></tr><tr><td>Total Expenditure</td><td>16,472,655</td><td>15,358,264</td></tr><tr><td>Profit before income tax</td><td>6,934,119</td><td>4,262,769</td></tr><tr><td>Income tax expense</td><td>183,611</td><td>180,147</td></tr><tr><td>Profit after income tax</td><td>6,750,508</td><td>4,082,622</td></tr></table> <p>The Committee noted that in 2016 the FBC’s net assets were increased by \$6,338,554 (413.7%) compared to 2015. It was noted that the increase was resulted from the increase in cash and cash equivalent by \$5,339,033 (616.46%) in 2016 compared to 2015. The Committee in the report that this was mainly results from the Government of \$9,201,615 for public service broadcast.</p> <p>The Committee noted that there was a reduction in net assets of \$6.7million</p>	Description	2017 (\$)	2016 (\$)	Operating revenue	22,332,621	19,202,108	Other revenue	1,074,153	418,925	Total Revenue	23,406,774	19,621,033	Administrative and Operating Expenses	13,120,352	12,272,541	Marketing Expenses	2,534,853	2,163,728	Finance costs	817,450	921,995	Total Expenditure	16,472,655	15,358,264	Profit before income tax	6,934,119	4,262,769	Income tax expense	183,611	180,147	Profit after income tax	6,750,508	4,082,622	<p>The Qualification (modified opinion) of 2016 Financial statements was due to the departure from IAS 20 “Accounting for Government Grants and Disclosure of Government Assistance” which requires government grants provided to compensate the Company for expenses incurred to be recognized in profit or loss as other income on a systematic basis in the same period that the expenses are recognized.</p> <p>Based on the Cabinet’s decision in 2012, grants and / or special funding from the Government of Fiji, as the shareholder, were treated as a capital contribution. As such, grants and/ or special - funding by the Government of Fiji were treated as additions to equity rather than being recognized as operating revenue of the Company. The company recorded government grants as part of equity for the period 1st January 2016 to 7th March 2016 amounting to \$2,075,785.</p> <p>From 8 March 2016 and based on the Cabinet’s decision in 2016, any recent grants and / or special funding from the Government of Fiji, as the shareholder, is treated as operating revenue. This is to align the accounting treatment for all State Owned Entities (SOEs) in accordance with International Financial Reporting Standards (IFRS). As such, grants and/ or special funding by the Government of Fiji received after 8 March 2016 have been recognized in the statement of comprehensive income as operating revenue.</p> <p>Hence, such amendments in Cabinet’s decision has led to an impact in the audit opinion for FBC’s 2016 financial statements.</p>

<p>The Committee noted in the audit of Fiji Broadcasting Corporation Limited 2017 financial statements that in its Note 3(1) stated that all grants and special funding from Government up to 7 March 2016 were treated as capital contribution in accordance with Cabinet Decision No. 357 of 2012.</p> <p>It was noted that the increase in net profit after income tax by \$2.7million (65%) in 2017 compared to 2016 was largely resulted from the increase in government grant for public service broadcast by \$2.1million and the increased in advertising revenue from radio and television.</p>																																																			
OTHER SIGNIFICANT MATTERS:																																																			
(i) Absence of a risk register			A draft version-(working document) was provided to the auditors on site in 2016 and the same has been approved and updated on regular basis.																																																

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>The Company now maintains the risk register for all potential risks. For instance, risk associated with business interruption, market developments, cyber incidents, natural catastrophes, changes in legislation and regulation, fire & explosion, political risks, loss of reputation or brand value, new technologies, theft, fraud & corruption, human error, failure of utilities and machinery breakdown etc.</p>
(ii) Incorrect Capitalisation of Work in Progress items	<p>FBC records all ongoing projects under Work In Progress class of Property, plant and equipment.</p> <p>Audit noted errors in capitalisation of work in progress items i.e. the outside broadcast van capitalised as Motor Vehicle. While the net impact of incorrect capitalisation on the statement of financial position is nil, error in capitalisation leads to incorrect financial reporting.</p> <p>The Fixed Asset Register (FAR) was reviewed and changes were reflected in the 2018 financial statements.</p>
(iii) Inadequate provision for doubtful debts	<p>This relates to a particular debtor –National Computers T/A 786 Supermarket.</p> <p>Debtor defaulted paying account arrears plus 5% interest per month which has accumulated since August 2015. FBCL had filed a recovery claim with the Magistrate Court and the company lawyers are handling this legal matter. Legal correspondence between the company lawyer and the court was provided to the auditors.</p> <p>Audit noted that interest accumulated (i.e. \$17,207) on the outstanding balance be also provided for as doubtful debts. While FBC has recorded only the invoice value as doubtful which totalled \$6,774.</p> <p>Management has considered the auditor's recommendation and provisions on interest accumulated in were recorded in the 2018 financial statements.</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
<p>(iv) Incorrect treatment of staff receivables</p>	<p>FBC has correctly recorded staff receivables and has subsequently made deductions from staff payroll to recover debt owed to the company.</p> <p>However, FBC is yet to recognise income arising from staff accounts such as sale of merchandise, auction revenue, gym revenue, concert ticket sales revenue etc. These were facilitated through staff deductions and is yet to be allocated to the Company's revenue accounts (Total amount: \$10,864).</p> <p>Management agreed with the auditor's recommendation to review staff debtor's account and necessary adjustments were made in the 2018 financial statements.</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

3. FIJI PUBLIC TRUSTEE CORPORATION (FPTCL)

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES																																										
<p>HIGHLIGHTS</p> <p>The Committee noted in the audit report that the Fiji Public Trustee Corporation’s 2016 and 2017 financial reports were issued with an unmodified (unqualified) audit opinion.</p> <p>The Committee noted that the Corporation recorded a decrease in net profit by 6% in 2016 compared to 2015. Also noted, although the Corporation recorded a growth in its total income, however it was not enough to cover the increase its total expenditures.</p> <p>It was recorded that the total assets decreased as a result of reduction in cash at bank, and financial assets, however, net assets increased by 5% in 2016 compared to 2015 which were due mainly from the Corporation not recording dividend payable as at 31 December 2016.</p> <p>However, in 2017 attention was drawn to Note 15 of the financial statements which included assets and liabilities of the Trust and Estate under management. The Committee noted that in previous years, the Trust and Estate financial statements are not presented separately from the Corporation’s financial statements.</p> <p><i>FPTCL – Abridged Statements of Financial Performance</i></p> <table><tr><th>Year ended 31 December</th><th>2017 (\$)</th><th>2016 (\$)</th></tr><tr><td>Fees</td><td>592,446</td><td>639,025</td></tr><tr><td>Interest Income</td><td>578,633</td><td>568,634</td></tr><tr><td>Other Revenue</td><td>28,682</td><td>24,105</td></tr><tr><td>Total Income</td><td>1,199,761</td><td>1,231,764</td></tr><tr><td>General and Administration Expenses</td><td>280,979</td><td>223,314</td></tr><tr><td>Selling Expenses</td><td>26,811</td><td>17,300</td></tr><tr><td>Staff and Employee Costs</td><td>579,987</td><td>547,024</td></tr><tr><td>Total Expenditure</td><td>887,777</td><td>787,638</td></tr><tr><td>Operating Profit Before Income Tax</td><td>311,984</td><td>444,126</td></tr><tr><td>Income Tax Expense</td><td>52,461</td><td>80,411</td></tr><tr><td>Net Operating Profit After Tax</td><td>259,523</td><td>363,715</td></tr><tr><td>Other comprehensive income</td><td>196,402</td><td>22,730</td></tr><tr><td>NET PROFIT FOR THE YEAR</td><td>455,925</td><td>386,445</td></tr></table>	Year ended 31 December	2017 (\$)	2016 (\$)	Fees	592,446	639,025	Interest Income	578,633	568,634	Other Revenue	28,682	24,105	Total Income	1,199,761	1,231,764	General and Administration Expenses	280,979	223,314	Selling Expenses	26,811	17,300	Staff and Employee Costs	579,987	547,024	Total Expenditure	887,777	787,638	Operating Profit Before Income Tax	311,984	444,126	Income Tax Expense	52,461	80,411	Net Operating Profit After Tax	259,523	363,715	Other comprehensive income	196,402	22,730	NET PROFIT FOR THE YEAR	455,925	386,445

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS		RESPONSES
<p>It was also noted that the net profit for the year 2017 increased by \$69,480 (18%) compared to 2016 which resulted to the substantial increases of other comprehensive income from un realized gain on market valuations of financial assets at the end of the year.</p>		
<p><i>Fiji Public Trustee Corporation Limited – Abridged Statement of financial Position</i></p>		
As at 31 December	2017 (\$)	2016 (\$)
Cash and Cash Equivalents	456,747	282,934
Trade and Other Receivables	469,048	433,251
Other Current Assets	120,808	80,522
Financial Assets	12,410,943	6,145,358
Property, Plant and Equipment	1,881,646	1,933,675
Total Assets	15,339,192	8,875,740
Trade Payables & provisions	118,327	64,436
Dividend Payable	500,000	---
Total Liabilities	618,327	64,436
NET ASSETS	14,720,865	8,811,304

The Committee was informed that in 2017 the Corporation’s net asset increased by \$5.9million (67%) compared to 2016. The increase was resulted from the increase in financial assets as a result of investments held in trust in 2017.		
Workforce and Human Resources:		
The Committee found out that from 2016 -2017 the workforce stood at 21 staff members in total which inclusive of 3 Managers and the Chief Executive Officer. In terms of gender composition, the Committee noted that 55% of staff are females and 45% are males.		
Services Provided to the People of Fiji:		
The services that are provided to the people of Fiji included the **Estate Administration Services** and the **Trustee Services**.		
1) Estates Administration Services: The Committee noted that the service

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
<p>involves collating a person's assets, paying their debts, and distributing the assets to beneficiaries in accordance to the terms of their Will upon death. The Committee was informed that without a Will the distribution is done in accordance with the Succession Probate Admin. Act.</p> <p>The Committee was informed that in 2017, the Corporation opened 56 estates which were valued at \$4.5 million and also finalized 108 estates which were valued at \$2.1million. The Corporation's fees and charges are as gazette.</p> <p>Trustee Services: The Committee was informed that a trust is a relationship based on confidence between the person creating a trust, a Trustee and a Beneficiary. In 2016, the Corporation was Trustees for 9,108 clients with a value of \$15.8M.</p> <p>OTHER SIGNIFICANT MATTERS:</p>	
<p>(i) Provisions for Trust Claims and Investment impairment was not reviewed</p>	<p>The review of Trust Claims and investment impairment was carried out in 2017 with the assistance of Accounting Firm, Ernest & Young. It was assessed that the provision for investment impairment and part of the provision for trust claims be withdrawn and added to capital reserves.</p>
<p>(ii) Absence of Business continuity and disaster recovery plans</p>	<p>The Corporation is currently working on the 1st phase of the Business Continuity Plan, which is the digitization of approximately 1.2 million documents and over 50 processes within the Corporation.</p> <p>A system back-up service agreement has been signed with Telecom Fiji Limited. A full proof Business Continuity Plan & Disaster Recovery Plan is expected to be completed in 2020.</p>
<p>(iii) Absence of internal audit function</p>	<p>In 2018 the Corporation engaged KPMG to carry out internal audit for three major cycles.</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

4. POST FIJI LIMITED (PFL)

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS

RESPONSES

HIGHLIGHTS

Financial Performance

The Committee noted in the audit report that Post Fiji Limited’s 2016 and 2017 financial reports were issued with an **unmodified (unqualified) audit opinion**.

The Committee was informed that the Company recorded a net loss in 2016 after income tax of \$735,763 compared to a net profit of \$1,638,923 in 2015. It has a variance of \$2,374,686 (144%). It was noted that the net loss after income tax was largely due to an increase in administration and operating expenses of the Company and this resulted to an increase in doubtful debts by \$2,728,393.

Post Fiji Limited – Abridged Statement of Financial Performance

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>internal audit function is carried out.</p> <p>In addition, recommendation is provided to respective heads of departments to implement corrective measures regarding process and procedures with strict deadlines.</p> <p>The report is also forwarded to the Chief Executive Officer and the Board for their review.</p>
(iii) Assessment for Impairment on property, plant and equipment not carried out	<p>PFL has carried out a fixed assets review in 2019 in regards to damaged assets. The adjustment to the fixed asset register will be done in 2020 upon approval from the Board.</p>
(iv) Anomalies noted in the procurement process	<p>PFL has been purchasing stationery stock items from a major local supplier for many years now. As part of our overall strategy and to improve profitability and competitiveness, PFL is undertaking the initiative to identify the overseas suppliers who sell these products so PFL can purchase directly from them at a lower cost.</p> <p>Hence, the above suppliers were identified and their pricing for the items are significantly lower than the local suppliers. PFL assures that there is no collusion with the suppliers and the Letter of Credit (LC's) used to undertake this overseas purchaser is not a risk to PFL because the items are supplied by supplier before our bank account gets debited.</p> <p>An updated Procurement Policy has also been drafted and is pending approval from the Board.</p>
(v) Anomalies in staff advances	<p>The staff advances balance has been written-off with approval from the Board in 2019. The practice of staff advances has been ceased and this policy will be incorporated in the Finance Policy.</p>
(vi) Absence of policy and guidelines	<p>Audit, Finance, Human Resources and Corporate Subcommittees was formed in 2018 where policies and guidelines were discussed</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>and realigned.</p> <p>Finance policy has already been drafted and is yet to be presented to the Board for approval.</p>
(vii) Outdated Corporate Instructions Manual (CIM)	<p>Whilst the CIM has not been revised in its totality, the company replaces old procedures with new procedures on a need-to basis. For example, Circular 02/2018: <i>Review of New Allowance</i>.</p> <p>However, management with HR and Corporate Subcommittee will address this issue and work on various amendments to the CIM.</p>
(viii) Absence of Evidence to Confirm Approval of the 2017 Budget by the Board	<p>Management will ensure that Board endorsement as documentary evidence is obtained and referenced for all future budget discussions and moving forward will ensure that budgets are discussed and approved by the Board.</p>
(ix) Significant long outstanding local debtors	<p>Debt recovery has been incorporated in the finance policy. Management has implemented a stringent debt recovery policy where debts are closely monitored.</p> <p>Currently, local and overseas debt is below \$ 100,000 which is well under normal credit requirements.</p>
(x) Ineffective controls over management of inventory	<p>Management has drafted the policies on inventory controls including all necessary policy and procedures.</p> <p>One of the major component of inventory is school text book. Based on normal requirement, PFL purchased stock worth of \$500,000. However, Ministry of Education policy decision to change the text book contents, caused major deterioration in the condition of text books in the warehouse. Some of the obsolete stocks have been sold in 2019 however, bulk of the obsolete stock relates to the text books which were purchased for sale however, the Government later announced the initiative of giving free text</p>

	books to schools.
(xi) Absence of valid and proper Rental Agreements	<p>In most cases, there is continuity of services based on mutual agreement however, PFL management is working on renewing all rental agreements by June 2020.</p> <p>Currently, management is working on rectifying and correcting all agreements to be up-to-date.</p>
(xii) Absence of Valid and Proper Written Agreements with Bill pay Vendors	<p>In most cases, there is continuity of Bill Pay services based on mutual agreement however, management is working on renewing all agreements.</p> <p>PFL is making standard agreement clause with standard rates to all bill pay vendors, to avoid any ambiguity.</p>
(xiii) Back to School Credit not properly managed	<p>Management has put in stringent controls and have revised back to school credit application form.</p> <p>Debt Recovery Policy is incorporated in the Finance policy which is in draft form. Management will also ensure proper vetting process is done before any credit is approved.</p>
(xiv) Incorrect disclosures of losses and shortages as receivables	<p>Proper classification of Shortage money order and shortage of cash accounts has been done in the 2018 financial statements.</p> <p>However for Quality Service Fund (QSF) grant, part of Voter Service Payment and losses will be reclassified in 2020 financials.</p>
(xv) No policy and guidelines for holding excess cash for Postmasters cash account	<p>PFL will review and update the policy to suit the current business environment. This will be incorporated in the Risk Policy.</p>

5. UNIT TRUST OF FIJI (UTOF)

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES																																	
<p>HIGHLIGHTS</p> <p>The Committee noted in the audit report that the unit Trust of Fiji’s 2016 and 2017 financial reports were issued with an unmodified (unqualified) audit opinion.</p> <p>In 2016, UTOF recorded a net profit of \$585,503, increase of \$114,061 (24%) compared to 2015. This was resulted from the rise in management fee which was based on the total value of the Unit Trust of Fiji deposited property. It was noted that as at 31 December 2016, UTOF was entitled to 1.5% of the total deposited property.</p> <p>It was recorded that the net assets increased by \$218,120 (12%) in 2016 which was resulted from the rise in holding of cash at bank by \$89,851 (5%) and receivables by \$102,092 (56%) in 2016. The increase in cash at bank and receivables were recorded as a result of the increase in management fees.</p> <p><i>Abridged Statement of Financial Performance</i></p> <table><tr><th>Year Ended 31 December</th><th>2017 (\$)</th><th>2016 (\$)</th></tr><tr><td>Operating Revenue</td><td>2,632,031</td><td>2,145,032</td></tr><tr><td>Other Operating Income</td><td>45,716</td><td>78,669</td></tr><tr><td>Total Operating Revenue</td><td>2,677,747</td><td>2,223,701</td></tr><tr><td>Personnel Expenses</td><td>767,966</td><td>582,110</td></tr><tr><td>Other Operating Expenses</td><td>806,332</td><td>823,190</td></tr><tr><td>Depreciation and Amortization</td><td>75,613</td><td>78,827</td></tr><tr><td>Total Operating Expenditure</td><td>1,649,911</td><td>1,484,127</td></tr><tr><td>Profit before Income Tax</td><td>1,027,836</td><td>739,574</td></tr><tr><td>Income tax expenses</td><td>203,503</td><td>154,071</td></tr><tr><td>Net profit for the year</td><td>824,333</td><td>585,503</td></tr></table> <p>Further in 2017, UTOF again recorded a net profit of \$824,333, this was an increase of \$238, 830 (41%) compared to 2016. REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>Unit Trust of Fiji (Management) Limited ("The Manager") is licensed by the Reserve Bank of Fiji to conduct and carry out the business of managing UTOF. The Manager has been operating the affairs of UTOF since 25th April 1978.</p>
<p>ii. What does this advance relate to? Why is there a significant advance given when Unit Trust of Fiji (Management) Ltd has only 1% share in Fiji Wai Ltd?</p>	<p>The advance provided to Fiji Wai Limited is for the costs pertaining to Naseyani Water Bottling Project in Ra. In the earlier years, the costs were reimbursed by Unit Trust of Fiji (Trustee Company) Limited until the year 2017 where the costs incurred by UTOFML were re-classified as "receivable" so that it could be recovered once the project is completed.</p> <p>By virtue of company requirements then, there were two shareholders required therefore we had allocated 99% shareholding to Unit Trust of Fiji and 1% to UTOFML.</p> <p>UTOFML generally incurs all the investment costs until the project or investment is materialized.</p>
<p>iii. How and when is Unit Trust of Fiji (Management) Ltd expecting to recover this advance and what commitment has Fiji Wai Limited shown to pay?</p>	<p>UTOFML will recover its advance once the project is completed and water bottling project is fully operational. The advance shall be cleared from the cash flow of Fiji Wai Limited over a period or paid by the potential equity partner or cleared from the debt funding which Fiji Wai Limited will undertake for the completion of the project.</p> <p>The other alternative we are considering is for Unit Trust of Fiji to clear the advance and convert the debt to equity in Fiji Wai Limited.</p> <p>Fiji Wai Limited is dependent on the project funding either by way of debt, equity or both.</p>
<p>iv. From the financial year 2017, how much has been paid by Fiji Wai Ltd?</p>	<p>No payment has been received by UTOFML from Fiji Wai Limited.</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
<p>Please provide to the Committee the evidences for this.</p> <p>v. Does the legislation governing Unit Trust of Fiji (Management) Ltd allows investing into such activity?</p>	<p>The legislation requires UTOFML to identify investments, incur investment associated costs and implement the investment for and on behalf of the unit holders.</p> <p>In this case, all the expenses pertaining to the water bottling project was reclassified from expenses to “receivables” to ensure that the expenses are recovered once the project is implemented and commenced.</p>
<p>2017 Timeliness of draft Financial Statements</p> <p>The Committee notes that the draft financial statements were submitted for audit late (less than 30 days before legislative deadline). What were the reasons for the delay in submission and what mechanisms does the entity has to ensure that draft financial statements are submitted to OAG on time?</p>	<p>The delay was mainly due to the time taken by the Finance Team in finalizing the financial statements. The company has employed additional resources to ensure that there are adequate personnel to complete and finalize the accounts for audit in a timely manner.</p>
<p>2017 Quality of Draft Financial Statements by Entities</p> <p>The Committee notes that the extent of audit adjustments made to the draft financial statements indicates the effectiveness of the Company’s internal review processes before the Accounts are submitted for audit. What has the Company done to strengthen the internal review processes before the Accounts are submitted for audit to avoid undertaking substantial audit adjustments to rectify errors or misstatements?</p>	<p>The company ensures that the financial statements are fully reviewed by the Manager Finance before it is submitted to the auditor.</p> <p>We had some challenges in the ensuing years as well in respect to key financial resources however, we managed to recruit additional resources to ensure that the financials are completed and audited in a timely manner.</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

6. ENERGY FIJI LIMITED (EFL)

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
<p>HIGHLIGHTS</p> <p>Financial Performance</p> <p>The Committee noted in the audit report that the Energy Fiji Limited's 2016 and 2017 financial reports were issued with an unmodified (unqualified) audit opinion.</p> <p>In 2016, EFL recorded a net profit of \$59.6 million which was an increase of \$19.9million (51%) compared to 2015. The increase was resulted in the reduction in fuel cost which were declined by \$50.9million (37%) in 2015 compared to 2014.</p> <p>The Committee noted that EFL recorded an increase in its net assets by \$59.1 million (10%) in 2016 compared to 2015 which was resulted from the increase in the holding of cash and equivalent of \$62.1million compared to 2015.</p> <p><i>Energy Fiji Limited - Abridged Statement of Financial Performance</i></p>	<p>RESPONSES ARE AS FOLLOWS</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS			RESPONSES
Year Ended 31 December	2017 (\$'000)	2016 (\$'000)	
Revenue			
Operating revenue –electricity sales	340,223	317,835	
Other operating income	10,933	10,550	
Total Revenue	351,156	328,385	
Expenditure			
Personnel expenses	23,912	21,723	
Fuel costs	121,873	89,849	
Lease and rent expenses	18,546	12,262	
Electricity purchases	17,31	1,620	
Depreciation	39,496	39,268	
Amortisation of intangible assets	131	112	
Other operating expenses	48,940	48,041	
Total Expenditure	254,629	212,875	
Profit before Finance Costs & Income Tax	96,527	115,510	
Finance costs	11,291	10,791	
Operating profit before restoration cost and income tax	85,236	104,719	
Cyclone restoration costs	1,067	30,066	
Profit before income tax	84,169	74,653	
Income tax expense	16,779	15,055	
Net profit for the year after income tax	67,390	59,598	
<p>In 2017, EFL recorded a net profit of \$67.4 million, an increase of \$7.8million (13%) compared to 2016. It was noted that the increase was resulted from the reduction in cyclone restoration cost which declined substantially in 2017 by \$29million, as noted that most of the restoration works were carried out in 2016.</p> <p>Energy Fiji Limited - Abridged Statement of Financial Position</p>			

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS			RESPONSES
As at 31 December	2017 \$'000	2016 \$'000	
Cash and cash equivalents	158,346	119,466	
Held to maturity financial assets	-	-	
Receivables and prepayments	38,612	36,459	
Other current assets	37,646	32,362	
Property, plant and equipment	1,056,899	1,035,332	
Other non-current assets	198	157	
Total Assets	1,291,700	1,223,776	
Interest bearing borrowings	297,566	319,459	
Deferred tax liabilities	50,066	45,344	
Other current liabilities	28,081	38,410	
Other non-current liabilities	164,710	114,256	
Total Liabilities	540,423	517,469	
Net Assets	751,277	706,307	
Retained profits	666,082	611,132	
Capital contribution	95,199	95,175	
Total Capital and Reserves	751,281	706,307	
<p>It was recorded that the net assets increased by \$44.97million (6%) in 2017 compared to 2016 and this was resulted of the increased in intangible asset by \$1.3million in 2017 for the upgrade purpose of the Company's billing system software amounting to \$1,462million.</p> <p>The Committee found in the audit reports the following significant matters:</p>			
<p>i. Management of Fuel/Hydro/Windmill mix</p>			<p>The recommendations by the Office of the Auditor General is noted.</p> <p>The mix power is recognised as one of the most complex systems to control because of the seasonal nature of water and wind availability.</p> <p>The dispatch plan is prepared weekly by the EFL System Control Department and sent to the Management Team for its decision on the generation mix. This plan is based on the weather forecast provided by the Meteorological Office. The aim of the dispatch plan is to minimise spill from any of the reservoirs and ensure that Wailoa power station is available to meet the peak demand on a daily basis. The planned level of generation from Wailoa and Wainikasou hydro stations is based on the water available in the dams. To some extent these stations may need</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>to reduce their outputs in the off-peak hours owing to the unexpected or higher than planned output from Nadarivatu hydro station.</p> <p>For Nadarivatu, when rainfall is low, its dispatch can be planned ahead. However, if heavy rain starts in the catchment it is essential that the station starts operating at full load before the water starts to spill at the Weir.</p> <p>The current Generation Strategy for the Vitilevu Integrated System (VLIS) is Wailoa (maximum) + Wainikasau hydro stations, Butoni Wind Mill, thermal Fuel stations using HFO (first) and then IDO and other diesel power stations.</p> <p>Generation mix is discussed at the EFL management level during the dispatch meetings on a weekly basis.</p> <p>The major contributor to the mix is hydro and the strategic mix is decided by the EFL Management Team. The decision is made on the generation mix that is economical and sustainable taking into account the following:</p> <ul style="list-style-type: none"> (i) Hydro Dam Level at Monasavu (ii) Fuel Prices <p>Predicted Weather Forecast</p>
(ii) Impairment assessment and useful lives of plant and equipment	<p>EFL – Asset Impairment Assessment As at 31st December 2019</p> <p>a) Background</p> <p>The Fiji Electricity Authority was established, incorporated and constituted under the provisions of the Electricity Act of 1966 and began operating from 1 August 1966. The powers, functions and duties of the Authority under the Electricity Act are for the basic purpose of providing and maintaining a power supply that is financially viable, economically sound and consistent with the required standards of safety, security and quality.</p> <p>A uniform tariff rate is charged for electricity used by each consumer group. The tariffs are implemented according to determination by Fijian Competition & Consumer Commission and are designed to meet specified targets while achieving a reasonable rate of return for the Shareholders. The Authority is entrusted with enforcing the Electricity Act and regulations, setting standards, examining and registering electricians, and is empowered to approve and license suppliers to serve certain areas. The Authority is also governed by the requirements under the</p>

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES																								
	<p>Public Enterprises Act 1996 for the financial year 2016-2017.</p> <p>EFL supplies electricity to the four main islands of Fiji, namely Vitilevu, Vanualevu, Ovalau and Taveuni where the electricity supply started in 2017. In Viti Levu power is supplied from a mixture of hydro, bio mass owned by IPPS (FSC, Tropik Woods & Nabou Green Energy Limited which commenced supply from July 2017, wind and thermal energy. Similarly, power in Vanua Levu is supplied from a small mini hydro, bio mass owned by IPP (FSC – which supply power for less than six months in a year) and power supplied from thermal energy. The Ovalau power system is predominantly supplied from diesel generators.</p> <p>EFL has only one product in electricity, and its costs associated with this product are common to all business segments. The Authority’s power generation, transmission, distribution and retailing assets operates on a vertically integrated system and are heavily independent. Therefore it is not practical to carry out impairment assessment of each individual component as each component is essential in ensuring that power is evacuated successfully to the end users.</p> <p>b) Impairment Assessment of EFL Key Assets</p> <p>1. Monasavu Hydro</p> <p>The Monasavu Hydro was commissioned by EFL in 1984. This asset is a key strategic asset of EFL, critical in meeting at least around 50% of the total Viti Levu demand on a daily basis. The performance of the Monasavu Hydro in terms of energy generated for the period 2007 to 2017 is tabulated below:</p> <table><tr><th>Years</th><th>2008</th><th>2009</th><th>2010</th><th>2011</th><th>2012</th><th>2013</th><th>2014</th><th>2015</th><th>2016</th><th>2017</th><th>Average</th></tr><tr><td>Units Generated Wailoa Hydro Mwh</td><td>462,966</td><td>436,081</td><td>362,963</td><td>424,616</td><td>466,765</td><td>420,195</td><td>314,341</td><td>320,875</td><td>354,451</td><td>351,527</td><td>399,500</td></tr></table> <p>The annual long term average energy produced from the Monasavu hydro is 400,000Mwh (Mega-watt hour) per annum. For the period 2007 to 2017 it has performed above this long term average by producing an average of 499,500Mwh of energy per annum over a 10 year average. In the years 2014 to 2017 the energy generated was lower than the long term which adversely affected the hydrology in Monasavu for the two consecutive years. Given the consistent performance of the</p>	Years	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	Average	Units Generated Wailoa Hydro Mwh	462,966	436,081	362,963	424,616	466,765	420,195	314,341	320,875	354,451	351,527	399,500

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES																								
	<p>Monasavu Hydro Scheme over the years producing reasonable amount of energy to meet 50% of the total base load for Viti Levu, we can conclude that the Monasavu hydro Scheme as at 31 December 2019 is \$107,154,515.64. It must be noted that exercise started in 2013 and is expected to be completed in 2020 at an estimated cost of close to \$100M. The objective of this exercise is to secure that the Monasavu Hydro scheme continues to be operational in the medium and long term.</p> <p>2. Nadarivatu Hydro</p> <p>The Nadarivatu Hydro Scheme was commissioned by EFL in 2012. This investment is part of EFL’s long term objectives of trying to produce 90% of its energy requirement through renewable sources by 2025. The performance of the Nadarivatu Hydro Scheme since its inception in 2012 is tabulated below:</p> <table><tr><th>Years</th><th>2008</th><th>2009</th><th>2010</th><th>2011</th><th>2012</th><th>2013</th><th>2014</th><th>2015</th><th>2016</th><th>2017</th><th>Average</th></tr><tr><td>Units Generated Wailoa Hydro Mwh</td><td>462,966</td><td>436,061</td><td>362,963</td><td>424,818</td><td>466,765</td><td>420,195</td><td>314,341</td><td>320,875</td><td>364,451</td><td>361,527</td><td>399,500</td></tr></table> <p>The long term average generation of the Nadarivatu Hydro Scheme is 100,000Mwh per annum. In its first full year of operation it came very close to achieving this long term average by recording a total generation 98,600Mwh in 2013. The generation output for 2014 and 2015 were affected by the El-Nino weather pattern which brought with it a prolonged spell of dry weather with limited rainfall at Nadarivatu. EFL’s daily dispatch strategy to cater for the Maximum Demand for Viti Levu includes the energy generated by the Nadarivatu Hydro.</p> <p>To achieve this daily peak load for Viti Levu. Despite the low energy generated over the last three years which is due to reasons outside of EFL’s control, the Nadarivatu Hydro still performed and contributed to the daily energy requirements for Viti Levu. In this regards, the hydro Schemes has not suffered any impairment. The Written Down Value (WDV) of the Nadarivatu Hydro Scheme as at 31 December 2019 is \$269,372,854.99.</p> <p>3. Wainikasou/Nagado/Wainiqueu/Somosomo Mini Hydro Schemes</p> <p>The Wainikasou, Nagado, Wainiqueu and Somosomo Hydro Schemes are mini Hydros that supplement the total generation requirements for Viti Levu, Vanua</p>	Years	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	Average	Units Generated Wailoa Hydro Mwh	462,966	436,061	362,963	424,818	466,765	420,195	314,341	320,875	364,451	361,527	399,500

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES																																																
	<p>above trend, we could draw the conclusion that the Butoni Wind farm has not suffered any impairment. The WDV of the wind farm as at 31 December 2019 is \$12,900,017.37.</p> <p>5. Thermal Power Plants</p> <p>EFL has a combination of Heavy Fuel Oil (HFO) and Industrial Diesel Oil (IDO) Generators. Generators in all the power stations around the country are operational to meet the peak demand for Viti Levu, Vanua Levu, Ovalau and Taveuni respectively. We do not have any generator that is idled and cannot be used due to extreme wear and tear. The Ovalau power station is predominantly diesel. Vanua Levu has a small mini hydro but substantial volume of energy is generated via diesel to meet the peak demand for Vanua Levu. Viti Levu has a mixture of HFO and IDO generators to supplement energy generated from its portfolios of renewable energy particularly the Monasavu and Nadarivatu hydro's. The table below shows the performance of the IDO and HFO generators in generating energy required for the reliability and security of power supply throughout Fiji.</p> <table><tr><th>Years</th><th>2008</th><th>2009</th><th>2010</th><th>2011</th><th>2012</th><th>2013</th><th>2014</th><th>2015</th><th>2016</th><th>2017</th><th>Average</th></tr><tr><td>Units Generated in VLIS Diesels MWh</td><td>162,760</td><td>153,990</td><td>236,356</td><td>211,767</td><td>94,215</td><td>94,425</td><td>230,957</td><td>227,042</td><td>83,263</td><td>116,470</td><td>161,124</td></tr><tr><td>Units Generated Diesel Others MWh</td><td>46,176</td><td>43,670</td><td>52,537</td><td>44,453</td><td>45,187</td><td>46,971</td><td>49,605</td><td>47,258</td><td>49,615</td><td>50,609</td><td>47,908</td></tr><tr><td>Units Generated HFO Kinoya & Vuda</td><td>60,807</td><td>112,264</td><td>126,237</td><td>83,540</td><td>126,881</td><td>183,359</td><td>173,477</td><td>206,122</td><td>291,609</td><td>323,879</td><td>169,017</td></tr></table> <p>As at balance day, none of the diesel generators had suffered any assets impairment. 	<p>customers. All transmission and distribution assets undergo conditional monitoring and preventing maintenance on regularly assets. Therefore, we draw the conclusion that there is no indication of the impairment on the transmission and distribution assets of EFL as power generated at each generation sources are required to be evacuated to the customers and the load centers on daily basis.</p> <p>7. Other Factors for Consideration</p> <p>There are basically two factors that are outside of EFL’s control that affect EFL’s business significantly. One is the global fuel prices which is dictated by world economics and GEO-politics and the second being the unpredictable changing weather pattern which tend to affect the performance of EFL’s hydros.</p> <p>8. Overall Performance of EFL Since Tariff Reform in 2010</p> <p>The table below shows the overall performance of EFL since the tariff reform in 2010 where EFL was granted a tariff increase of around 60% from 25c/u (VEP) to 39.4c/u (VEP). The company has been recording reasonable profits with the exception of 2014 when the EFL business was badly affected by an El-Nino weather pattern causing a prolonged spell of dry weather forcing to implement its contingency plan of procuring and installing additional diesel generation capacity to supplement the low water level at the Monasavu Hydro Scheme. This resulted in EFL burning substantial amount of diesel to the tune of around \$180M, which is an all-time high for the industry.</p> <table><tr><th></th><th>2010</th><th>2011</th><th>2012</th><th>2013</th><th>2014</th><th>2015</th><th>2016</th><th>2017</th><th>2018</th><th>2019</th></tr><tr><th></th><th>Audited</th><th>Audited</th><th>Audited</th><th>Audited</th><th>Audited</th><th>Audited</th><th>Audited</th><th>Audited</th><th>Audited</th><th>Unaudited</th></tr><tr><th></th><th>\$M</th><th>\$M</th><th>\$M</th><th>\$M</th><th>\$M</th><th>\$M</th><th>\$M</th><th>\$M</th><th>\$M</th><th>\$M</th></tr><tr><td>PBT</td><td>13.1</td><td>52.4</td><td>61.8</td><td>41</td><td>1.1</td><td>45.4</td><td>74.6</td><td>84.1</td><td>79.8</td><td>\$79.3</td></tr><tr><td>PAT</td><td>8.4</td><td>51.9</td><td>75.3</td><td>32.6</td><td>1</td><td>36.3</td><td>59.6</td><td>67.4</td><td>63.9</td><td>\$63.4</td></tr></table> <p>The profitability recorded by EFL over the 10 year period above indicated that all the generating, transmission, distribution and retailing assets performed according to standard and delivered positive results for EFL. Further, beside the profitability the electrical ensured a reliable and security of power supply to whole of Fiji.</p>		2010	2011	2012	2013	2014	2015	2016	2017	2018	2019		Audited	Audited	Audited	Audited	Audited	Audited	Audited	Audited	Audited	Unaudited		\$M	\$M	\$M	\$M	\$M	\$M	\$M	\$M	\$M	\$M	PBT	13.1	52.4	61.8	41	1.1	45.4	74.6	84.1	79.8	\$79.3	PAT	8.4	51.9	75.3	32.6	1	36.3	59.6	67.4	63.9	\$63.4

	<p>rights over the assets in the formal Rural Electrification Contracts between EFL and the Ministry of Infrastructure and Transport.</p> <p>Follow up Comments as at 31 December 2019:</p> <p>We are still awaiting confirmation from the Ministry of Infrastructure and Transport who is liaising with the Ministry of Economy to accommodate this requirement of the right over assets for rural electrification schemes be transferred to EFL under the Rural Electrification Agreement for each rural electrification schemes.</p> <p>EFL perceives that the funding for the rural electrification schemes by Government is in the form of a grant. Therefore, for any grant funding, the asset is owned and maintained by the recipient of the grant, in this case EFL. Further, EFL treats the Rural Electrification funding as a capital grant for accounting purposes which has been audited and approved by the auditors.</p>																														
(iv) Assets with zero written down values	<p>Comments noted.</p> <p>This recommendation was brought to the attention of FEA after the Audit work was completed. However, FEA did carryout a review of the assets with zero WDV. The high level report extracted from the Fixed Assets Register (FAR) did show that assets worth \$13M has zero WDV. We have taken the recommendation on board and will commence with this exercise in 2018 to physically identify the assets that have zero book value. Assets that are no longer in use, will be removed from the FAR and those that are still in use and deriving a benefit to the Authority will be revalued and assigned an appropriate depreciation rates based on the assessed remaining life of the asset. The table below summarises the assets with zero WDV.</p> <table><tr><th>Code</th><th>Name</th><th>Amt (\$)</th></tr><tr><td>BLD</td><td>BUILDING IMPROVEMENTS</td><td>75,122.00</td></tr><tr><td>COM</td><td>COMPUTER</td><td>9,039,565.75</td></tr><tr><td>CSC</td><td>COMMUNICATION & SYSTEM CONTR</td><td>9,019,618.35</td></tr><tr><td>F&F</td><td>FURNITURE & FITTINGS</td><td>6,535,925.91</td></tr><tr><td>MVA</td><td>MOTOR VEHICLES</td><td>13,702,491.49</td></tr><tr><td>RET</td><td>RETICULATION</td><td>42,589,974.98</td></tr><tr><td>THM</td><td>THERMAL ASSETS</td><td>18,707,394.79</td></tr><tr><td>TRA</td><td>TRANSMISSION</td><td>13,239,191.00</td></tr><tr><td>Total</td><td></td><td>112,909,284.27</td></tr></table>	Code	Name	Amt (\$)	BLD	BUILDING IMPROVEMENTS	75,122.00	COM	COMPUTER	9,039,565.75	CSC	COMMUNICATION & SYSTEM CONTR	9,019,618.35	F&F	FURNITURE & FITTINGS	6,535,925.91	MVA	MOTOR VEHICLES	13,702,491.49	RET	RETICULATION	42,589,974.98	THM	THERMAL ASSETS	18,707,394.79	TRA	TRANSMISSION	13,239,191.00	Total		112,909,284.27

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>2017 Action Plan EFL commenced with the verification of these ZERO WDV assets in 2018. The exercise to reassess the depreciation for these assets was parked aside due to the EFL Divestment exercise.</p> <p>The EFL Management has agreed that they will engage the services of an energy consultant from abroad who will carry out the review of the depreciation rates or useful life for these specialized assets and will make recommendations to EFL Board for its adoption and implementation. EFL will prioritise and will plan accordingly to have this work done in 2019/2020.</p> <p>Follow up Comments as at 31 December 2019: The EFL management had agreed that they will engage the services of an energy consultant from abroad who will carry out the review of the depreciation rates or useful life for these specialized assets and will make recommendation to EFL Board for its adoption and implementation. EFL will prioritise and will plan accordingly to have this work done once the divestment exercise is completed where Government is intending to sell 49% of its shares in EFL. We could not make any changes to the depreciation rates while the company is undergoing divestment/sale of shares as this could potentially distort the historical results and likewise the enterprise valuation of the company.</p>
	<p>2017 Management Comments All significant assets of FEA which include the Dams, Power Stations, Substations and other Buildings are adequately insured. The only asset that is not insured is the Transmission lines and the power poles together with its fixtures and fittings.</p> <p>FEA had approached both the on-shore (QBE) and off-shore insurers (AIG) to provide insurance cover on these assets, previously and also approached Lloyds of London (current insurer) last year however none of these insurers have been keen on this, due to the high risk exposure. Even if any insurer does agree to provide an insurance cover on this, the premium on this insurance cover will be substantial given the fact that these assets are in the open and exposed to daily adverse weather conditions.</p> <p>FEA is doing its level best to get these assets insured, however in terms of cost</p>

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>benefit analysis, the cost of coverage will be substantial and not economically viable if matched against the benefit. For example, the cost to repair damages incurred on power lines and poles as a result of TC Winston is around \$32M. So for the insurance company to put in place an insurance cover for power lines and poles based on the experience (cost) with TC Winston the premiums could be exorbitant for a year and could be more than \$32M. Currently EFL's insurance premium to cover all assets excluding power lines and poles is around \$7M. The affordable averaged electricity tariff rate of 37.4 c/u (VEP) is based on an insurance premium cost of around \$7M. Imagine what will be the electricity tariff rate if it has to adjust to cover the power lines and poles?</p> <p>Follow up Comments as at 31 December 2019: International Insurance Company generally do not provide insurance cover over the transmission lines and poles since these assets are considered high risks as they are vulnerable to natural disasters. In EFL's tariff submission to the FCCC in April 2019, we had recommended 1 c/u initial submission for self-insurance, however, FCCC instead approved a self-insurance clause as part of the tariff methodology, which caters against losses as a result of natural disasters. The above mentioned self-insurance clause is outlined below:</p> <p>Self-Insurance</p> <ol style="list-style-type: none"> I. To mitigate the adverse impact of natural disasters such as cyclones and drought and the subsequent provision of electricity services, the regulated entity shall hold reserves as a self-insurance fund. II. Submissions for extra-ordinary events to address natural disasters can be made by the regulated entity for an ad-hoc review for temporary relief through tariff adjustments.

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

8. COPRA MILLERS FIJI LIMITED (CMFL)

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
<p>HIGHLIGHTS</p> <p>The Committee noted in the audit report that the Copra Millers of Fiji Limited's 2016 and 2017 financial reports were issued with an unmodified (unqualified) audit opinion.</p> <p>It was noted that the total operating revenue in 2016 has declined by more than \$1million or 28% compared to the 2015 financial year. The decline was the result of the reduction in sales of oil and coconut meal as a direct result of low copra supply.</p> <p>The audit found that both cost of goods sold and total expenditure were decreased in 2016 by \$841,869 (25%) and \$171,876 (21%) which was resulted from the decline in expenditure incurred for salaries & wages, FNPF expenses, Copra Truck expenses, purchases of copra and coconut oil, factory costs.</p> <p>It was noted that the decline in operating revenue has resulted in the increase in net deficit by \$224,090 (95%) in 2016 compared to 2015.</p> <p>The Committee noted that in 2016 the total assets of the Company has increased by \$256,038 (4%) compared to the 2015 financial year. The increase was noted which resulted from the increase in property, plant and equipment. This was the result of the construction of a plant for Virgin Coconut Oil during the 2016 financial year.</p> <p>It was recorded that the Company's total liabilities increased by \$714,881 (70%) in 2016 compared to the 2015 financial year. The increase in total liabilities was a result of the increase in trade and other payables, interest bearing borrowing and deferred grant income. The Company took additional loans during the financial year and received capital grant for its Virgin Coconut Oil Project.</p>

Loss after income tax expense	(162,293)	(458,845)	
Total comprehensive loss for the year	(162,293)	(458,845)	
In 2017, the Company recorded a reduction in its net loss by \$296,552 (65%) in 2017 compared to the amount reported in 2016. The Committee noted that it was mainly due to increase in operating revenue which increased by \$268,301 or by \$268,301 (10%) in 2017. The increase was resulted from the increase in overseas sales and coconut meal which improved in 2017 compared to 2016.

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
<p>Question 4:</p> <p>Can the entity be sustainable without Government Grant?</p>	<p>No, the entity cannot be self-sufficient as CMFL is a price taker in overseas market. If CMFL were able to cover all costs by selling Oil overseas, then CMFL would have been self-sustainable. However, crude oil world market fluctuates and there is no guaranteed margin and CMFL is not able to cover their operational costs. In addition, the current copra pricing formula is also outdated therefore, CMFL does not have 100% recovery of cost components.</p> <p>However, diversification plans are underway with the introduction of new Edible Coconut Oil in the local market from May 2020. CMFL IS gradually shifting focus to local market which offers a guaranteed and higher margin.</p>

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

9. PACIFIC FISHING COMPANY LIMITED (PAFCO)

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS		RESPONSES
HIGHLIGHTS		
<p>The Committee noted in the audit report that Pacific Fishing Company Limited’s 2016 and 2017 financial reports were issued with an unmodified (unqualified) audit opinion.</p>		
<p>The audit noted that in 2016 PAFCO recorded an increase in its net profit by \$512,991 (39%) compared to the amount reported in 2015 as this was resulted from the increase in sales by \$852,113 (3%).</p>		
<p>The Committee found that PAFCO’s net assets in 2016 has increased by \$1,833,865 (9.5%) compared to the 2015 figure and this was resulted from the increase in cash at bank and value of property, plant and equipment.</p>		
Abridged Statement of Financial Performance		
Description	2017 (\$)	2016 (\$)
Sales	33,183,538	32,170,087
Other Income	1,795,050	1,694,936
Total Income	34,978,588	33,865,023
Raw materials and consumables used	9,562,519	8,262,988
Changes in inventories of raw materials and finished goods	(1,031,896)	(110,110)
Distribution costs	373,453	350,152
Staff and employee benefits	8,737,381	9,093,428
Depreciation and amortisation expense	2,848,952	2,765,934
Finance costs	88,237	103,576
Other operating expense	12,582,659	10,834,716
Total Expenditure	33,161,305	31,300,684
Operating profit before tax	1,817,283	2,564,339
Income tax expense	(197,990)	(730,474)
Net profit after tax	1,619,293	1,833,865
<p>The Committee was informed that there was a reduction in PAFCO’s net profit for the 2017 financial year by \$214,572 (12%) compared to the amount reported in 2016 as noted in the audit report that this was mainly resulted from the increased in freight and cartage expenses by \$387,741 in 2017.</p>		

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS			RESPONSES
Abridged Statement of Financial Position

Total liabilities	24,474,424	21,822,409	
Net Assets	22,760,630	21,141,372	
In 2017, PAFCO recorded an increased in its net assets by \$1,619,258 (7.7%) in 2017 compared to 2016. This was mainly attributed from the increase in raw materials which resulted in large quantity of raw fish supplied to the company in the month of December.			
OTHER SIGNIFICANT MATTERS			
(i) Inadequate documentation for support monthly consultancy payment			<p>The monthly consultancy is a fee deducted by Bumble Bee from the Loin payments to PAFCO. This fee is for the services provided to PAFCO by a technician who is employed by Bumble Bee and is based at the factory in Levuka. The technician looks after the plant maintenance and is a qualified engineer with experience working in other Tuna plants.</p> <p>The consultancy fee is part payment by PAFCO for the technician's services. Bumble Bee pays the balance of the fee to the consultant from their account.</p>
(ii) Provision of motor vehicle to employee of the customer			As part of the old processing agreement, Bumble Bee's General Manager Operations based at the factory in Levuka was entitled

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
	<p>to a vehicle provided by PAFCO.</p> <p>This provision is not part of the new processing agreement and the vehicle has been withdrawn.</p>
(iii) Lack of internal orders for stock movement	<p>This has been corrected and a process is now in place for all movement of finished goods. In this case, canned Tuna being sold from the gate was moved from the warehouse to the gate for sales with an e-mail or a phone request but now this is done using an internal order.</p>
(iv) Review of financial manual	<p>The Finance Manual is currently under review. PAFCO's internal auditors, Ernst & Young, are carrying out the review of the finance manual. This is expected to be completed by mid-2020.</p>
(v) Absence of Disaster Recovery Plan	<p>PAFCO has a documented a crisis Management Policy. This policy has relevant responses and measures in place to assist the company during any unexpected events and disasters.</p> <p>A copy of the policy document is attached.</p>
(vi) Policy on Bonus Payout	<p>The policy on bonus payment will be part of the Finance Manual, the new policy will be effective when the updated Finance Manual is completed and implemented.</p>

10. FIJI DEVELOPMENT BANK (FDB)

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS

RESPONSES

HIGHLIGHTS

Financial Performance

The Committee noted in the audit report that the Fiji Development Bank’s 2016 and 2017 financial reports were issued with an unmodified (unqualified) audit opinion.

In 2016, FDB recorded an increase in its consolidated operating profit after tax for the year ended 30 June 2016 by \$3,727,542 (61%). The increase was resulted from the recovery of bad debts with a total amount of \$3,593,159 in 2016.

Further, the Committee noted that also in 2016 FDB recorded an increase in net consolidated assets by \$9,817,161 (7%) when compared to the 2015 figure and as noted in the report that this was resulted from the increased in holding of cash at bank and cash equivalent in 2016 by \$6,969,759.

RESPONSE TO STANDING COMMITTEE ON PUBLIC ACCOUNTS

REVIEW OF THE 2016/2017 AUDIT REPORT ON GOVERNMENT COMMERCIAL COMPANIES AND COMMERCIAL STATUTORY AUTHORITIES

COMMITTEE RECOMMENDATIONS/AUDIT FINDINGS	RESPONSES
<p>\$8,155,268 (5.7%) in 2017 compared to 2016 as noted in the report that this was resulted from the increase in loans and advances increases significantly by \$60million (20%) in 2017.</p> <p>The Committee found in the audit reports the following significant matters:</p>	
OTHER SIGNIFICANT MATTERS	
<p>(i) Issue of the revaluation of property</p>	<p>This case specifically relates to the Fiji Development Bank's Nadi property.</p> <p>The Bank's valuer had assumed that the land lease would be extended and as a result, a revaluation increase was recorded. It should also be noted that when the valuation was done, the Bank still had a valid lease over the Nadi property. However, upon expiry of lease, TLTB and the Landowners advised that the lease will not be renewed any further. The Bank held several rounds of discussions with the landowners and TLTB to renew the lease as it was a commercial building. However, a positive outcome did not eventuate. Due to the negative outcome, the Bank recorded an impairment loss on its Nadi property.</p> <p>The Bank is now mindful of the remaining lease term whilst undertaking any property revaluations.</p>
<p>(ii) Security margin percentages being utilized deferring from the Bank's lending manual.</p>	<p>The security margin guidance in the Lending Manual has been revised. Board had approved the revisions in March 2017 and the changes came into effect from 18th April 2017. This has also been updated in the Bank's Lending Manual.</p> <p>The table below gives a summary of revisions to Share securities. The revised margins range from 0% to 100%, in contrast to a flat 80% for shares in a listed company only.</p>

	b) Fixed Term Deposit	-	100																										
	c) Unlisted companies with strong dividend history	-	50																										
	d) Newly established business	-	0																										
(iii) Inconsistency of loan data recorded in Bank Management System (BMS)	<p>The Bank has now restructured the process of data entry on BMS. Managers or the approving officers are required to check the file before approving any BMS entry to minimize the data entry errors. In addition to this, a 2nd day check is also done with the End of Day reports. The purpose of this check is to immediately pick and correct any errors if the approving officer had missed it at the first place.</p> <p>In addition, the Bank's Enterprise Risk Management Department conducts file reviews for first disbursements to ensure non-compliance issues are highlighted and resolved in a timely manner.</p> <p>The revisions were communicated to staff via Head Office Circular 21/2017 for their future use and reference.</p>																												
(iv) Loan account reviews not concluded in conformity with lending policy requirements	<p>The Bank now uses various loan review procedures and few general principles for reviewing of the loan portfolio.</p> <p>These include:</p> <p>1. Mandatory and Annual reviews to be conducted on all loan</p>
